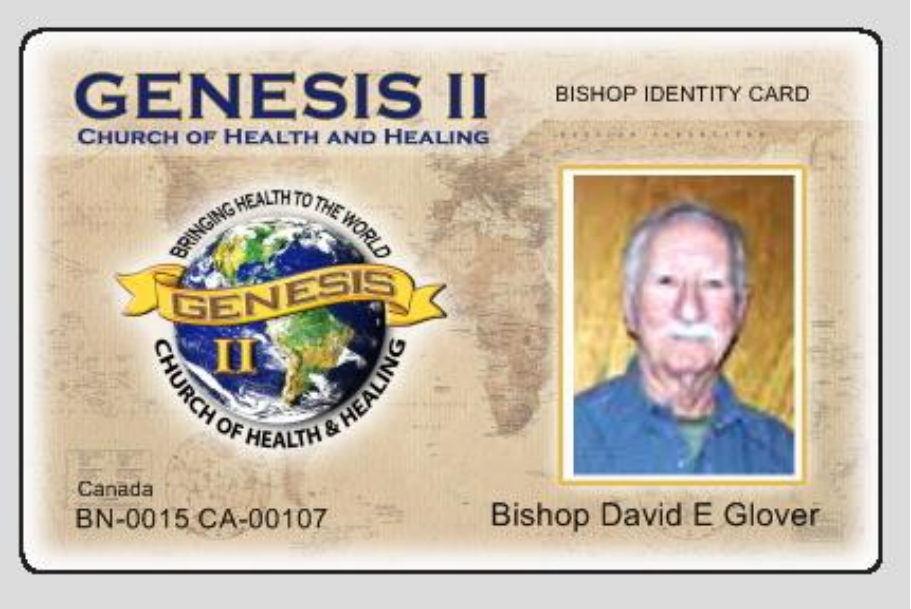
In LOVING Memory

of Bishop David "Maverick" Glover for his help and dedication to

creating "a world without dis-ease"!



100% of the proceeds from this book will be donated to the Genesis II Church of Health and Healing to support its workers and support official G2 Projects around the world to help create, "a world without dis-ease."

REAL SCIENCE: We at the Genesis II Church of Health and Healing have been involved in one of the most comprehensive, worldwide, cross cultural, broad spectrum, voluntary, human health studies of this world for the past 8 years. If you include Jim Humble and his studies in Africa, it has been almost 20 years. 95% of the world's diseases have been CURED with the Genesis II Church Protocols! No monies were received from any pharmaceutical/medical companies wanting a certain result. The people of this world who have followed the G2C protocols have not been paid in any way, but they have "self-dosed" themselves voluntarily**. "Self-Care"** is what is being taught and encouraged by the Genesis II Church worldwide and it is working incredibly well. Every person on this earth has the God-given right to control their own health and not rely on the pharmaceutical/medical industry. - Mark S. Grenon

Now that's science, which is: "**Observation and Repeatability."** That is why you'll hear me say we are doing "clinical studies" all over the world with humans with our G2 Sacraments and seeing consistent results! Because that is exactly what we are doing, and I will show you testimonies as well as how to do it for YOURSELF! We'll look at the digestive system which to me is where MOST of the body's problems start and where 80% of our immune system's defenses reside to stop pathogens. **A *pathogen* or infectious agent is a biological agent that causes disease or illness to its host. The term is most often used for agents that disrupt the normal physiology of a multicellular animal or plant.** Many toxins can be synthetic and artificial and not found in nature. If these toxins are allowed to enter the human body without being neutralized or destroyed, they WILL disrupt the normal physiology of the body resulting in **the whole being becoming dis-eased!**

NOTE: I wrote this book in **a conversational way so all you grammar Nazis reading this book** need to focus on the message and not how it was delivered, ok?

Volume One – This book is about my personal research and experience with thousands of people worldwide, and a LOGICAL explanation of why we have "dis-ease" and how to "restore health" in the body by practicing "self-care" with the Genesis II Church of Health and Healing Sacraments.

All rights reserved. This book is copy and write protected because some people would like to sell it, which is what I am trying to do with ALL the proceeds going to the G2Church, so you would be stealing from the G2 Church and not me. This book is designed to have the "research" and "evidence" in your hand to use as a personal health guidance plan to remain healthy in a VERY toxic world. This is how we are going to ***"create a world without dis-ease."*** May **by doing** what this book teaches help us reach that goal!

"Buy the truth, and sell it not" Proverbs 23:23

The G2 Church – *"Proclaimer of Truth"*

I have seen many people add "dis-claimers" on their websites when talking about health because of fear of man and governments.

"The fear of man bringeth a snare: but whoso putteth his trust in the Lord shall be safe.", Proverbs 29:25

"Nothing is <u>legally</u> right that is morally wrong." – Bishop Mark S. Grenon

I feel we need to make a statement from the ***Genesis II Church of Health and Healing*** and the ***G2Voice Broadcast***, but not a "dis-claimer" but a **"Proclaimer of Truth!"**
G2Church Proclaimer: Due to our study of "truth" and "true history," we at the Genesis II Church of Health and Healing want to "proclaim" what we have learned regarding health, and the medical and pharmaceutical "industries."
<u>We proclaim to the world to:</u>

- **NOT** ask your doctor for ANY advice about health or nutrition! **#1 cause of death in U.S. "iatrogenic," death by doctors.**
- **NOT** go to a hospital unless an emergency!
- **NOT** allow your children to be vaccinated for any reason, EVER!
- **NOT** take pharmaceutical drugs. Be drug free!
- **NOT** trust the educational system to teach truth about history, science, morals or God!
- **ONLY** eat **REAL** foods organically and unprocessed!
- **Take personal responsibility** for your OWN health and that of your family!

Imagine: A World Without DIS-EASE

A poem by Archbishop Mark S. Grenon

I woke up one morning at 3 A.M. and I had to get up and write what was in my mind. This is what came out:

Imagine: A World Without DIS-EASE
(A Genesis II Church Battle Cry)

In the beginning, the world was to please
God wants His man to live at ease
But evil man wants him at dis-ease
To do with him as he would please

The killer number 1 in this world has been defeated
It's true and we are being cheated
Malaria is its name
And we are here to take away his fame
By the hand of a man named James

Millions dying, millions crying
for the loss of their family they are sighing
Moms missing, Babies gone, fathers are sought
All for naught, All for naught

We have the news, this doesn't have to be
For just a few drops of a mineral can heal
Of the parasite you can be free
But no money in that says the evil man's squeal
So, people keep dying at this dis-ease's hand
This needs to be proclaimed across every land

The Big Pharma are making money
At the bank they think it's funny
How they can control men's health
While they live in much wealth
Money has been paid to pass evil laws
To protect that wealth from leaving their paws

FDA, CDC, ABC and BBC
ALL working for the same evil entity
To get all the money as they can see
The Lord is watching, and HE CAN SEE
ALL the corruption in the governments that allow this to be

But, God is watching a small group of His
Who are not in the dis-ease BIZ!
They have seen the LION speared
The lion of Malaria whom the world feared

Millions dying but no one cares
Because they are more worried about their shares
Too many bucks to be made
And more concrete to be laid

Building a world of synthetic things
But the body wants natural things!
Artificial will make you unhealthy and slow
Only by nature are we to go

A Church has been established for mankind's health
Not concerned with amassing wealth
Genesis again with a number 2
A new beginning for me and you
Poor or rich, colored or pale
Healthy or sickly for all to avail

Imagine, if you can, how it was in the beginning
Before man got off on his sinning
When man talked to his Creator in perfect health
Not concerned about amassing wealth
Is it possible to have a world without this DIS-EASE?
Can you help me answer this PLEASE?
YES, YES, a million times YES!
Malaria is dead and that was Jim's quest
All one must do is drink today

This monster has been killed and is on display
Not many millionaires will volunteer
The common man will carry the gear
To come along aside and take a stand
Malaria will be dead in all the land!
Red Cross says no
But God says, way to go!
No more imagining
Because now it is happening!

"A World Without Dis-ease" – Is it possible?

This book is **ONLY** for self-motivated people who want to take control of their health by practicing **self-care** and NOT relying on **healthcare** from an industry that profits on sickness **and NOT** curing the body! I was motivated by the Lord and years of experience dealing with "sick" people – physically, mentally, emotionally and of course spiritually all over the world. If you are **a seeker of truth,** you will find much truth in this book to help you on your path of life and enjoy not only health but abundant health and peace!

"And ye shall know the truth, and the truth shall make you free." **John 8:32**

Freedom in all areas of your life! May the Lord bless this book and all who heed its message, "A World Without DIS-EASE!"

NOTE: I have read that most people don't read the beginning of books, like the preface and introduction and skip to chapter one. If you have that attitude you will miss a lot of important history of why I am writing this book as well as the train of thought.
I want this book to have people saying, "Wow, I didn't know that. This is easy and makes so much sense." I see how the body was made and how it works. This isn't "rocket science." All I must do is to be consistent and support the wonderful gift I have; the amazing human body I live in. If I support it, **the dis-ease of the body** will be a thing of the past for me and everyone in all the world!
Learn from the information in this book and heal yourself and when you are DIS-EASE-FREE help someone else rid their body of DIS-EASE! If we all follow the simple plan found in this book, we can see this movement grow exponentially and the result will be, ***A WORLD WITHOUT DIS-EASE!***

Acknowledgments

"There is no wisdom nor understanding nor counsel against the Lord." Proverbs 21:30

I want to give all the heavenly and earthly credit for this book to the Creator of the universe – God. He gave me life, breath and the ability to think and write my thoughts and experiences on paper.

Food for thought: A farmer brings his crop to the market to sell. He shows everyone his beautiful crop of fruits and vegetables and is proud of his hard work. Now all his labor has paid off by this great harvest! Can he really boast about this harvest**? Let's look at how much he really participated.**

- The seed was not created by him.
- The water he added, or the rain was not his doing.
- The Sun he had nothing to do with.
- The carbon dioxide provided by other plants and trees for the plants to "breathe" doesn't come from him in any great amount.
- The basic minerals in the ground to nourish the plants were not from him.
- The biology of the plant he had nothing to do with.
- The built-in protections against disease in each plant is not from him.
- Nothing in nature has he been able to create.
- Even the ability for the farmer work, see, think, breathe, plant, water, and harvest came from God, the Creator!

99% of the work and design he has participated in is from GOD! How can he boast? At best he put in **1%** physically to help plant, water and care for the plants – the rest is a gift from God! He can only be grateful of participating and feel blessed by God that he even has something to sell! That is how I feel in writing this book! I am grateful that I was able to participate in such a blessing as seeing so many people healed of the dis-ease of the body no matter what it was. The body that God made does the healing if its systems are not hindered!
It takes more faith to be an atheist than a believer in the Creator. In fact, the Scriptures say you are a fool if you don't believe in God!

"The fool hath said in his heart, there is no God." **Psalm 53:1**

Thank you, Jim Humble

Now, I do want to thank a man named **Jim Humble** for writing a book about his discovery of a mineral salt that, when mixed with a food grade acid, produces Chlorine Dioxide which he used to cure malaria. He worked mainly by himself at the age of 65 to see that the formula was perfected to cure malaria 100% of the time!

By research and development and his physical efforts, he saw not only **malaria** being cured BUT, **HIV, Diabetes, Cancer, MRSA** and many other sicknesses that plague this world. To me, Jim Humble deserves more than a phony Nobel Peace prize for what he has done.

Thank you, Jim. I will always be grateful to you for coming to live with me and my family in the Dominican Republic and teach us your experiences with MMS and other substances you used to "restore health" to the world. I appreciate you letting me start the Genesis II Church of Health and Healing with you and my family.

It is amazing what we have been able to accomplish in seven years worldwide. Truly, we are on our way to seeing; **a world without dis-ease.** You are a hero for your efforts and on behalf of those that have been healed and will be healed you deserve your 1% and you can be proud of what you have done! May God bless the rest of your time on earth for participating in such a great work!

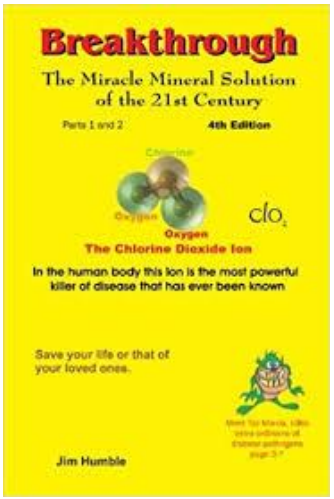
~ Mark S. Grenon

Preface – (Important background information)

"The Lord looked down from heaven upon the children of men, to see if there were any that did understand, and seek God." **Psalm 14:2**

In early 2006, I was searching the Internet in earnest to try to find a "natural cure" for Methicillin-resistant Staphylococcus aureus **(MSRA)** that my 8 children and I had contracted. The reason why I was looking for a "natural cure" is because I had tried every new antibiotic available to no avail! I contracted MRSA which is a flesh-eating bacterium mainly contracted in hospitals, schools and universities. My oldest three sons helped me in translating for doctors, dentists, nurses and other health professionals that would come throughout the year to donate their time and talent in helping the people in Dominican Republic and Haiti. I was working as a missionary there from early 90's until 2008. We brought the infection home from the surgical rooms in the hospital and consequently the whole family (except my wife) were suffering from horrible and painful blisters that lasted weeks before subsiding only to soon come back with a vengeance. They would come back frequently. We had the "best" and most expensive antibiotics known to man at that time with no results. We had all these health professionals constantly bringing "new and improved" antibiotics and other medications to us every few months. In fact, we had a pharmacy in our main building where all the doctors, dentists, nurses and helpers stayed.

My second son, Jonathan, was playing baseball at the Seattle Mariners recruitment base in San Pedro de Marcoris in the Dominican Republic and kept having breakouts on his leg which hindered him a lot. More than one of the surgeons that came to volunteer at our mission told me that if it got worse the only recourse would be amputation! Jonathan told me he would rather die before they cut off his leg. So, to say the least, I was frantically looking for a "cure" or at least something to stop the spread and constant outbreaks.
I typed in Google search; "MRSA cures" and I came across a book called**, "Miracle Mineral Solution of the 21st Century"** by a man named Jim Humble.



Breakthrough
The Miracle Mineral Solution of the 21st Century
Parts 1 and 2
4th Edition
Oxygen
clO2
Oxygen
The Chlorine Dioxide Ion
In the human body this ion is the most powerful killer of disease that has ever been known
Save your life or that of your loved ones.
Jim Humble

As a Christian, I believe that God can do miracles and have seen people healed after prayer by real believers and it was always amazing!

"Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much." **James 5:16**

I had been working with some very smart and experienced Christian surgeons that were helping people by relieving problems through surgery and dentistry. These were not bad people. They were giving up vacations to come and help the less fortunate in Dominican Republic, Haiti and Nigeria West Africa! Why wouldn't these good, serious and educated medical professionals not know how to cure this horrible dis-ease of the body? I dismissed this book as a snake oil scam but after a week or so of searching, I kept coming back to this book! Well, Jim offered the first half of the e-book for free, so I decided to read it. It made a lot of sense and when I saw what he was doing in Africa, I decided to buy the whole book. I read the book and immediately bought the MMS, which he named his solution and activator, from an on-line provider. Jim didn't even sell it himself, so I knew it wasn't about him making a bunch of money, but he was trying to help humanity! **You've heard it said, "follow the money" to find the truth. Well, there was no money to follow so I had to try it myself first before I gave it to my children.**

I received the two bottles in about a month and immediately followed the directions in Jim's book. To my pleasant surprise, within days the outbreaks healed up and never came back! I continued for three months and to this day, 11 years later, I have not had another MRSA outbreak! Even before I finished my three-month protocol, I had my children taking the doses daily. At that time, it was 15 drops, activated 3 times a day. These **strong doses** would cause stomach aches, diarrhea and sometimes vomiting. Naturally, instead of stopping, we took doses that were much less, and all those reactions stopped! I'm happy to say ALL my children were and are free from Methicillin-resistant Staphylococcus aureus (MSRA) and if ever contracted again, they know what to do.

Note: The protocols that have been developed now are much weaker and the citric acid activator has been changed to hydrochloric acid, which is made by the body. Hydrochloric acid is much more tolerable and just as effective and maybe more so in many ways, which we will get into later in this book.

After seeing my family healed, I started using weaker protocols for all the people we were ministering to as a missionary in the mountains and valleys where we started churches. We started seeing the same things Jim wrote about in his book while he was in Africa! It was truly **miraculous** to see people being healed of diabetes, Dengue fever, stomach and intestinal problems, cancer, elephantiasis, burns and infections, when no antibiotics or medicines could!

After two years of using MMS and telling as many as we could about this amazingly healing protocol using MMS, I wrote Jim in Africa. I told him about the results we were having and told him he deserved the Noble Peace prize and NOT Obama who had just received it for doing nothing! He graciously thanked me for the kind words and told me to keep in touch. That was in 2008. In 2009, my son Joe and I had moved to Santo Domingo and had set up a website called **MMS for Hispaniola** to help provide MMS and healing guidance to people. We even had done some videos to teach how to make MMS and use it in the home.

Note: You can see these now outdated videos at: **https://www.youtube.com/watch?v=KCScnTMK9Ik**

During that time, Joe and I were praying that the Lord would allow us to reach many with this healing therapy and tell as many as we could about what the Lord allowed Jim to discover. I believe the Lord wants everyone healthy and not enslaved to the medical industry and the Big Pharma. You are going to find out that **good health** is a blessing of the Lord and is directly in relation to your spiritual health!

"The elder unto the well beloved Gaius, whom I love in the truth. Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth. For I rejoiced greatly, when the brethren came and testified of the truth that is in thee, even as thou walkest in the truth." **III John 1-2**

"For he that eateth and drinketh unworthily, eateth and drinketh damnation to himself, not discerning the Lord's body. For this cause many are weak and sickly among you, and many sleep. (Sleep means dead.) For if we would judge ourselves, we should not be judged." **1 Corinthians 11:29-31**

Some people will say. I don't believe that. I've seen many "wicked" people healthy and good Christians sick, so that is ridiculous! Really, because I've seen many people that deny God and His direction, not heal or heal slowly at best. Yes, I've seen many "good" Christians sick, but they have turned to unnatural and ungodly medical practices that poison the body, our temple, that God wants clean! Remember I have worked with many good Christian doctors that have been trained completely in contradiction to how the body works and couldn't cure us of MRSA! The body is not made to run off of **artificial synthetic man-made toxins!**

If a person follows the warnings from God and His natural laws to NOT pollute our temple with poisonous substances and eats clean, REAL foods that give us the nutrition our bodies need to maintain health and even practice fasting, that person will experience health! I have a friend I interviewed on our **G2Voice Broadcast,** named Don Tolman, who took 20 people that the medical system gave up on and was asked him to try to help these people.

https://www.brighteon.com/5806561082001
https://www.youtube.com/watch?v=TKosScg8_cE&t=37s

He took all 20 on a 40-day fast – 20 days of water, last 20 days of juice, and they all walked away healthy! Fasting works but to get people to do it to detox the poisons in the body is hard. We have an easier way to do it, thank God! I have personally done five days of fasting and it was tough to say the least.

What the Bible says what will happen when you do a fast correctly for the Lord.

"Then shall thy light break forth as the morning, and thine health shall spring forth speedily: and thy righteousness shall go before thee; the glory of the LORD shall be thy reward." **Isaiah 58:8**

Note: When animals are sick, they won't eat but just drink water until they are healthy again.

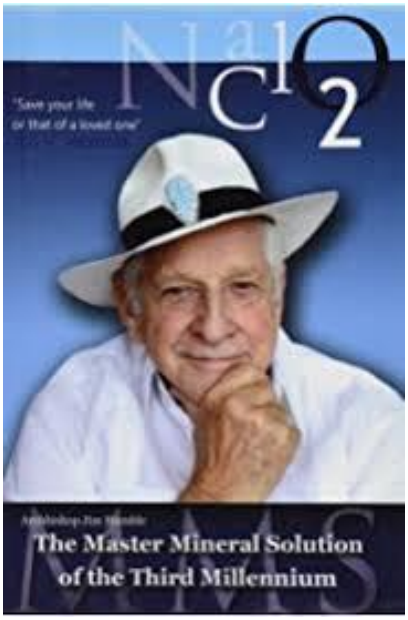
Let me show you how ignorant I was by listening to the government and medical industry and what happened to me. I was personally injured by the 1976 Swine Flu inoculation I received in Salem New Hampshire High School where I graduated. Two weeks after receiving this vaccine, my left vocal cord was paralyzed permanently. To this day I have a hoarse voice, due to this damage. I loved to sing and had a very good voice, but now can't sing well at all! 25 people died in the U.S. alone that we know of and 500 were damaged. To say the least, I never willfully got another vaccine. I will get into the dangers of injecting poisons into the body and the results later in this book.

In 2009, Jim and I were corresponding as he did and does for many. I was dealing with leaving sponsored mission work and trying to be self-sufficient and in all this change, my wife and I separated, and she left to the States with six of my children. I was left with my two sons, Jonathan and Joseph, who were both actively helping others. I was getting rejected from doctor friends, Church pastors and family and friends, but I knew we were onto something truly wonderful; **helping others to be dis-ease free!** I mentioned to Jim I wanted to sell the compound we built with our own hands and come and carry his bags and learn more about how we could heal the world! To my surprise, Jim told me to not sell my place and that he wanted to come and share with me what he had been doing and set up some kind of training center. This was fantastic! Jim Humble was coming to live with us and we could learn from him and share what we had been doing in the D.R. and Haiti. Jim sent me $20,000 to prepare a place for him and the people he would invite to come and learn. This was most of the money he had. The guy didn't even know me from Adam but put his trust in me!

"Call unto me, and I will answer thee, and show thee great and mighty things, which thou knowest not." **Jeremiah 33:3**

Well, in less than six months from praying that God would help us bring MMS to the world to rid the world of the dis-ease of the body Jim Humble arrived in Dominican Republic! We give God all the glory for that! He arrived in Santo Domingo January 2010. We spent six months, developing a Teaching Syllabus and a crude DVD course to try to train as many as possible. During that time, Jim and I decided to establish the **Genesis II Church of Health and Healing** in June of 2010 with six founding members!

It has been 8 ½ years and we have trained over 1950 "Health Ministers" in over **135 countries** worldwide! At the writing of this book, we now have **3466 members** with **217 G2 Church Chapters** and **102 Bishops**. We have held **60 seminars in more than 15 countries!** Jim was able to write his second book while with us in the Dominican Republic.



Everyone knows someone who is sick and people don't want to be sick unless they have a mental problem! Who wants to be sick? Being sick destroys the quality of life one has physically, mentally and spiritually! Being stressed out because one is sick takes a toll on the health even more. I have seen many sick people that were in great condition spiritually, but would have enjoyed living in their body, the temple of the Spirit, much more if they had physical health, but chose to listen to the medical system and not God! I have spent the last 40 years helping people spiritually and physically anyway I could. In fact, I raised money to buy an airplane before I was even a pilot to use island hopping in the Caribbean to do just that; help people physically and spiritually. Now, I am seeing people writing us weekly from around the world with testimonies of **restored health** from all kinds of sicknesses of the body!

It has been said that writing a book will last longer than a video because it is something you can physically hold in your hand. Well, I got thinking about that and God did the same thing. He gave us a book called the Bible. He also did videos by giving us eyes to see and a memory in our brains to review it! I would like to do both in this book. We will provide a lot of written information and testimonies with a lot of video content of testimonies, as well as over 200 newsletters chock full of references and 50+ live broadcasts with much research and references for those who need that proof.

Here are a few links to start reviewing of what we have been able to accomplish:

NOTE: We have had our "GenesisIIChurch" and "MMSTestimonials" channels cancelled on YouTube with over 2.5 million views!

- **G2Church Documentary:** www.quantumleap.is (subtitled in 9 languages) or www.brighteon.com/6025156124001

"And ye shall seek me, and find me, when ye shall search for me with all your heart." **Jeremiah 29:13**

Introduction

"For so is the will of God, that with well doing ye may put to silence the ignorance of foolish men." **1 Peter 2:15**

Is it possible to have a world where the "dis-ease" of the body is no longer a chronic (lifelong) problem? **YES, a thousand times, YES!**
I have been wanting to get this information out in the form of a book for a few years now. I have been so busy writing newsletters, teaching seminars and broadcasting this information on our **G2Voice Broadcast weekly** that I haven't had time. All this information needs to be put into an orderly form to help the world SEE what we have been seeing and that is – **restored health** from 95% of the world's diseases!
Now, I feel the world needs this information to either **restore health** from dis-ease or maintain said health by doing a **maintenance** dose daily. Jim Humble and I started the **Genesis II Church of Health and Healing** in June of 2010. The world has never seen a Church like this – healing 95% of the world's sicknesses.

Create a New Thing

> ***"You never change things by fighting the existing reality: to change things, build a new model that makes the existing model obsolete."*** ~ Buckminster Fuller

We can't, and nor do we want to try to change the medical/pharmaceutical industries from within. It would be like going to Medellin, Colombia in the 70's and tell Pablo Escobar to move over because we are taking over! Or telling Al Capon in the early 1900's in Chicago that we are now in charge. That would be foolish, and we would probably die, right? What Jim and I did was start a **new thing.** The Genesis II Church of Health and Healing is the way we are attacking the problem of the dis-ease of the body. We are separate from any "medical" or government system that are **NOT CURING anything but ONLY treating and maintaining symptoms!** We have developed health sacraments for the body that will cleanse our temples in which we live.

We are free to enjoy life!

> ***"The only way to deal with an unfree world is to become absolutely free; that your very existence is an act of rebellion."*** ~ Albert Camus

Now, 100% of the time, malaria, the #1 killer in the history of the world, is cured in one day! It is estimated that 500 million people suffer with malaria yearly with 1-2 million dying from it. The REALLY sad part is half of those who die from malaria needlessly are under 5 years old!

We did a medically supervised trial in Uganda with the Ugandan Red Cross and saw 154 people completely healed in 1-2 days! Blood tests were taken before and after. Quick blood tests were used to separate those who tested positive for malaria and those who were negative. Also, the quick tests were confirmed by lab techs with a microscope identifying the presence of the Malaria parasite. Each

person who were confirmed positive were given the appropriate dose for their weight and 150 were cured in one day! Four others were confirmed as free from the malaria parasite by the second day! **This was indeed a worldwide event that would soon be told everywhere, we thought!**
Here is the video: https://vimeo.com/332325384 , https://www.brighteon.com/5805456789001 To our dismay, when the news reached the International Red Cross World headquarters, they denied it ever happened! How could a so-called humanitarian organization established to help mankind deny such a great discovery? The #1 Killer of all the history of the world has been CURED 100% of the time for pennies! Well, as you will learn in this book Volume One and other subsequent volumes, these organizations are not what they seem to be.
The International Federation of Red Cross and Red Crescent Societies rejected **"in the strongest terms"** reports by promoters of MMS that they had used the product to fight malaria. **Why are they lying?**
https://en.wikipedia.org/wiki/Miracle_Mineral_Supplement
I personally paid someone to put up the truth on Wikipedia about MMS and Chlorine Dioxide from independent studies showing the safety of chlorine dioxide and how it is "safe" for humans and animals, and within one hour it was taken down! The person who was working with us did it for a week and the information was taken down within an hour each time! **What are they trying to hide?**
The Red Cross even went so far as to say it never happened and these people were actors and not even a part of the Ugandan Red Cross, even though we have them on video saying MMS was a miracle!
The FDA, EPA and other similar worldwide agencies have come out with similar statements. What are they afraid of, losing money? **Remember, follow the money!**
Former FDA Commissioner Dr. Herbert Ley: ***"The thing that bugs me is that people think the FDA is protecting them. It isn't. What the FDA is doing and what the public thinks it's doing are as different as night and day."***
We have testimonies coming in daily from around the world where people are being CURED from malaria with MMS or now being called the G2 Sacraments for those who are part of the Genesis II Church.
I will write more about how corrupt the FDA, EPA, CDC and DOJ are only paid agencies working for the pharmaceutical companies along with those who are invested in these deceptive organizations. The so-called "approval" of new drugs is just a selective, prepaid license to maim and kill and the governments of the world are allowing it to happen! This is something I have been exposing on the G2 Voice Broadcast, as well as our newsletters, weekly from the G2 Church and in this book.
I want to ask a few questions to people who are logical critical thinkers and not just programmed zombies, believing the **fake media** who are owned by the same investors in the medical and pharmaceutical industries. Here are a few **logical questions** that NEED to be answered:

- Why is chlorine dioxide approved to be used in our water supplies, meat packaging companies, disinfecting hospitals and schools?
- Why is it approved to sanitize fruits and vegetables by spraying to eliminate pathogens and never washed off because it is NOT toxic?
- Why did the U.S. government use it to disinfect buildings during the Anthrax scare a few years ago?
- Why was Chlorine dioxide approved to be used to kill all the black mold after the Katrina disaster?

- Why did Johnson and Johnson team up with the U.S. Army to develop mouth wash and other chlorine dioxide products?
- Why is it being used to sanitize areas where Ebola is found? Did you know that U.S Army in the First World War cured Gangrene with Chlorine Dioxide? ***Because it works!***
- Why do gymnasiums around the U.S. use chlorine dioxide to kill the MRSA bacteria?
- Why does Walmart sell an FDA-approved water purifier that purifies water using Chlorine Dioxide? And you are told to drink the water after treated. See: www.walmart.com/ip/Coleman-20ct-PA-Chlorine-Dioxide-Water-Purification-Tablets/16611014
- Why is it safe for these uses and not what we are using it for – as a sacrament?
- Why Does the FDA approve its use to kill pathogens? SEE: FDA 21CFR173.300. This is just one of many FDA regulations authorizing the use of chlorine dioxide to kill pathogens.

  Here is a quote by the **US Gov EPA SEE:**
  http://zenbackpacking.net/EPA/ChlorineDioxide.pdf
  4.1 Chlorine Dioxide Chemistry: Chlorine dioxide functions as a highly selective oxidant due to its unique, one-electron transfer mechanism where it is reduced to chlorite (ClO2-) (Hoehn et al., 1996). 4.4 – Chlorine dioxide is a strong oxidant and disinfectant. Its disinfecting mechanisms are not well understood but appear to vary by the type of microorganism. 4.4.1 – In the first disinfection mechanism, chlorine dioxide reacts readily with amino acids cysteine, tryptophan, and tyrosine, but not with viral ribonucleic acid (RNA) (Noss, et al., 1983; Olivier et al., 1985) It was concluded that chlorine dioxide inactivated viruses by altering the viral capsid proteins.
  Now one more thing: https://www.lenntech.com/library/clo2/chlorine_dioxide.htm

  This data written by Lenntech is often quoted around the world by universities and in scientific papers. This company, along with others, proves that chlorine dioxide does not harm the human body in low concentrations as we use MMS. This is the quote:

"As an oxidizer chlorine dioxide is very selective. It has the ability due to unique one-electron exchange mechanism. Chlorine dioxide attacks the electron-rich center of organic molecules. One electron is transferred and chlorine dioxide is reduced to chlorite (ClO2)." Then the chlorite attracts four more electrons which rip a hole in the side of the pathogen, killing it.

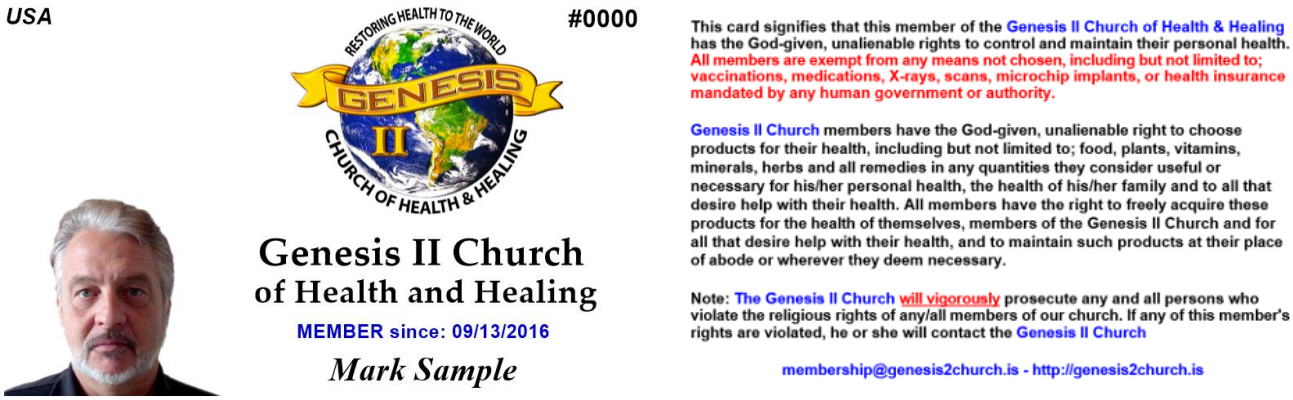
There is no dangerous liability to ingesting chlorine dioxide over an extended period of time. The next argument was the concept that taking MMS might be dangerous when taking it for a few days. **But that has also been proven not true.** Back in 1982, the National Institutes of Health in Washington, DC conducted an extended double blind clinical trial to determine that very fact, whether there is a liability in taking chlorine dioxide over a period of time. They also tested the chemicals sodium chlorite and sodium chlorate at the same time. The tests were conducted with humans and not with rats. The tests conducted showed that no adverse conditions resulted in human bodies. Here is the link to the report. **Read it for yourself and decide.**
http://www.ncbi.nlm.nih.gov/pmc/articles/PMC1569027/pdf/envhper00463-0059.pdf

- **WHY in 1999, did the American Society of Analytical Chemists proclaim that Chlorine Dioxide is "the most powerful pathogen killer known to man"?**

Well the answer again is follow the money! Only "they" are approved to use it but not the world! It is all a lie that we are being told and the above-mentioned agencies are protecting the people that are paying them. It is so obvious that even a blind man can see it! I will no longer allow "them" to abuse the people of this world and to stop us from using it to cure dis-ease!
The Genesis II Church of Health and Healing is practicing freely our beliefs that **our sacraments can keep our bodies, our temples, clean and at-ease as opposed to toxic and dis-eased.** Throughout REAL history the REAL Church, Bible believers, have always been the conscience of the governments – NOT vice versa.

"Nothing is <u>lawfully</u> right that is morally wrong." Archbishop Mark Grenon

Believe what you want but I am not going to spend all my time proving the efficacy of Chlorine Dioxide when so many studies have already been done. I'm going to show you **real people with real illnesses cured** and how to do it in this book. Only those who are seeking for truth will find it! The rest, I'm sorry to say, will continue to be abused by the powers that be but not me or the Genesis II Church of Health and Healing!
As the song says in our G2Voice Broadcast written by Bishop Owen from Ireland, **it's a health revolution** and we peaceably fight and resist any person, agency or government that tries to deny of our God-given rights to maintain our freedom of personal health anyway we so choose! Here is the Genesis II Church I.D. card each member carries.



USA
#0000
RESTORING HEALTH TO THE WORLD
GENESIS
II
CHURCH OF HEALTH & HEALING
Genesis II Church
of Health and Healing
MEMBER since: 09/13/2016
Mark Sample
This card signifies that this member of the Genesis II Church of Health & Healing has the God-given, unalienable rights to control and maintain their personal health. All members are exempt from any means not chosen, including but not limited to; vaccinations, medications, X-rays, scans, microchip implants, or health insurance mandated by any human government or authority.
Genesis II Church members have the God-given, unalienable right to choose products for their health, including but not limited to; food, plants, vitamins, minerals, herbs and all remedies in any quantities they consider useful or necessary for his/her personal health, the health of his/her family and to all that desire help with their health. All members have the right to freely acquire these products for the health of themselves, members of the Genesis II Church and for all that desire help with their health, and to maintain such products at their place of abode or wherever they deem necessary.
Note: The Genesis II Church will vigorously prosecute any and all persons who violate the religious rights of any/all members of our church. If any of this member's rights are violated, he or she will contact the Genesis II Church
membership@genesis2church.is - http://genesis2church.is

I wrote this book to save people from a miserable life of taking medications and chronic illness to a life of peace and ease as far as health is concerned. Also, I want to expose the premeditated plan to control the so-called "health care industry" by a select group of evil people Hell-bent on NEVER curing anything but only treating symptoms. Alleviating symptoms is not healthcare! In fact, it is a money-making scam! **With this book, you can have health freedom and literally take control of your own health by listening to the doctor within you!** The body is the best doctor you have and is always wanting you to be living a life in a condition of ease, not dis-ease.
I am not hypothesizing but giving you facts and results of years of REAL scientific clinical studies with thousands, if not millions, from around the world! **Real science is defined simply as: observation and repeatability**. You must be able to see the same type of results consistently from standardized protocols to call it scientific results.
You will notice in the title of this book I write disease hyphenated like this: **dis-ease.** Why? Well, it explains the REAL definition of the word "disease." **Dis-ease** is the opposite of **at-ease**. When the body and all its systems are at-ease, we say it is in a state of "homeostasis" i.e. in balance.

You must understand that the dis-ease of the body is being caused 95% of the time by the **outside influence of toxins!** Eliminating toxins from coming into the body and removing the toxins accumulated within the body, while simultaneously building the body's internal defenses, is the ONLY way. **Homeostasis** is the state of **the body when all its 12 systems are all working in balance** with each other with the result being a state of **"ease" as opposed to dis-ease. The body is the ultimate healer and maintainer of health!** For the body to maintain **health**, it must be clean of toxins so that the systems within it that keep it in a state of homeostasis or balance can work proficiently. We live in a VERY toxic world. Our human bodies are being attacked by an onslaught of toxins in our environment by the food, water and air being polluted. Never mind unnatural processed foods and of course toxic medications that so much of the world are ingesting daily! All we must do is give our bodies the raw materials it needs to work at its full potential, and it will keep us healthy. Our job is to see that everything that enters our body is free of toxins. **ALL the natural food groups in this world** are needed to accomplish the building blocks of new cells that are being made daily in a healthy body! The opposite is true that if the raw materials are not present when stem cells are being made, then the body will take them from other parts of the body, i.e. our organs, bones and tissues resulting in a state of dis-ease! By just choosing one or two groups such as fruits and vegetables, the human body will lack essential amino acids, proteins, vitamins and cholesterol, which are needed to make new cells. Everyone needs to learn how the body NATURALLY works. There is a logic to the human body and all the systems work together in synchronicity like a great orchestra.

The body is complex, so we don't have to be. We just need to give it what it needs and the rest it does itself!

What enters the mouth is immediately identified and the processes of dealing with it are put into motion. The body has innate protections that you will learn about. Learn to treat the body well and give it what it needs to do its job.

You'll find out the curriculum doctors are taught in medical schools does NOT focus on how the body works, but how to use chemicals, because the curriculum is influenced by the drug companies to maintain optimum profit. **Doctors can't know what they haven't been taught!**

So much of what is written as scientific fact regarding health is false. 90% of what is taught as science is only pseudo-science. Even the major medical journals, such as Lancet, NEJM and others and their so-called research and clinical studies, are paid-for results by the BIG PHARMA! This is confirmed by former editors of these journals!

Fake Science

The editor in chief of Lancet, Richard Horton:

> **"Much of the scientific literature, perhaps half, may simply be untrue."**

The editor in chief of the New England Journal of Medicine, Dr. Marcia Angell, wrote in 2009:

> **"It is simply no longer possible to believe much of the clinical research that is published**, or to rely on the judgment of trusted physicians or authoritative medical guidelines. I take no pleasure in this conclusion, which I reached slowly and reluctantly over my two decades as an editor of *The New England Journal of Medicine."*

I will go into more of how the medical industry is not only influenced by the Big Pharma but are nothing more than hirelings of an EVIL system! I will cover not only what dis-ease of the body is, but how it is being caused and how to get the body back to a state of "ease". I will include a very

basic overview of the systems of the body and how they work so you can learn to work with your body and not against it.

Also, the liver and how to keep it working at its greatest potential, is so important to overall health, it can't be ignored. And if it is ignored, the body will gradually slip into a state of dis-ease.
We are NOT synthetic or artificial so, therefore, what it needs and what is essential must be natural to be recognized and assimilated. You can't fool the natural body. It is smarter than you!
Cancer 150 years ago was not very common. In fact, throughout history it was rare. Why now do we have a 1 in 3 chance as men of sometime in our lifetime to contract cancer, and 1 in 4 among women? Why is that? Could it have been planned?

The truth will prevail, and the Truth doesn't need to be defended.
I heard an old preacher one time say; ***"Defending the TRUTH is like defending a hungry lion; you just let it loose and it defends itself."***

"And ye shall know the truth, and the truth shall make you free." **John 8:32**

Many misquote this verse and say the truth shall **set** you free. If you are **set free** you can be enslaved again BUT if you are **made free,** it is forever!
I will cover the many illnesses that cause the dis-ease of the body and show you how we are getting consistent testimonies of "restored health" from 95% of the world's dis-eases or more!
I will list our **10 sacramental commandments** we use to "restore health" or maintain a healthy body.
Lastly, I want to show everyone how we can work together to achieve our goal of "a world without dis-ease."

How to research using this book – Click on the links throughout this book to open articles and videos.

I will NOT be using a lot of references but **want to use logic in this book for all to understand**. Yes, I will include references, but you'll have to watch our G2Voice Broadcasts and read our Genesis II Church Newsletters where I have more references than you'll ever need. I will also include some good books and literature I have enjoyed.
REMEMBER: It is all about personal responsibility. I pray that this book will get everyone thinking critically and research each topic even more! If you are reading this and want more info., then the information you need is within this book.

An Admonishment

"A brutish man knoweth not; neither doth a fool understand this". **Psalm 92:6**

"Understand, ye brutish among the people: and ye fools, when will ye be wise?" **Psalm 94:8**

"Whoso loveth instruction loveth knowledge: but he that hateth reproof is brutish." **Proverbs 12:1**

CHAPTER 1 – WHAT IS DIS-EASE? WHY ARE YOU NOT AT-EASE?

"A little leaven leaveneth the whole lump." **Galatians 5:9**

What is dis-ease? That is the million-dollar question. Believe it or not you will find out that the answer to that question is really a **naturally** simple one.

First of all, let me explain why I hyphenate this word. People have told me I shouldn't write the word **disease** as **dis-ease**. It is NOT a misspelled or mistyped word I have written. I write the word disease like this "**dis-eased**" to emphasize the two parts of the word to pull out its true meaning and to help us understand what exactly is being communicated to us. **Words are important.** So, to break down the way a word was built will help us understand its meaning. I always liked to study word origins, i.e. **etymology** and to see how words came about to really understand their significance.
Definition: Hyphens are used in many compound **words** to show that the component **words** have a combined **meaning.**

I write **dis-ease** like this to separate the word and show that "dis" and "ease" each have a separate meaning, which will give us its **true meaning. I got these definitions from Google search.**
"Dis" is a prefix: **dis- 1**. expressing negation. "disadvantage" **2**. denoting reversal or absence of an action or state. "diseconomy" **3**. denoting removal of something. "disbud"
"**ease"** noun **1.** absence of difficulty or effort. "she gave up smoking with ease" **2.** absence of rigidity or discomfort; poise." I was always vexed by her self-contained ease" **3.** freedom from worries or problems.

So, if we put the prefix **"dis"** with the noun **"ease" we have a clear meaning.**
Natural definition: "Dis-ease" in the body is when the body is absent of or the removal of "ease" comfort or problems.
"Homeostasis" is when the body is "at-ease" with all the systems working correctly and in balance with each other which brings REAL "health." The human body is in a state of **"dis-ease"** when the body is having problems and difficulties that weren't there previously.

You might ask, why do you always refer to **dis-ease** as singular and not plural? Aren't there many dis-eases in the world? Well, according to the **medical industry** there are 1,000's of diseases, syndromes and conditions and tens of thousands of medicines to treat them!
I personally believe that there is **ONLY ONE DIS-EASE** of the body. How can there be more? The body is in a state of **dis-ease** or not. You only have one body and what state it is in, is the question. If you understand this, then you can focus on getting the body out of this "dis-eased" condition to a state of "at-ease".

Why do we have dis-ease?

The simple answer is – something disrupted the balance of body's systems which in turn changed its condition. **So**, **what changed the state of the body?** To answer that question, we must ask ourselves another question.
Now, the second million-dollar question is: "**What is causing the body to be in a state of "dis-ease?"** Ok, stay with me now. I said I believe that **there is only one dis-ease** of the body, **but TWO causes**:

1. **Toxins**
2. **Deficiencies**

Toxins interfere with the systems of the body which all work together in synchronism. **Deficiencies can be caused by toxins and deficiencies can cause a toxic environment in the body.** So, one problem gives way to the other!

Case in point: If a toxin stops the assimilation of, let's say magnesium in the body, then you will be deficient in calcium because without magnesium, the body cannot adequately absorb calcium. So, without magnesium, the body cannot uptake calcium. So, a toxic environment in the body that stops magnesium absorption can cause a calcium deficiency which, in turn, forces the body to steal calcium from the bones which, in turn, causes "hypocalcemia" or calcium deficiency. The body then becomes dis-eased! **This is NOT how the human body was designed to work.** The body is made to work in a state of balance with all systems working in conjunction with the others. Calcium is also needed for your heart and other muscles to function properly. So, you can see that if one part of the body is affected, it affects other parts. You should be beginning to see how toxins can cause the systems of the body to be affected which, in turn, puts the body in a state of **dis-ease**. I know I am making this sound simple, but it really is that simple. Stop the reason why the magnesium isn't being absorbed and the calcium deficiency goes away, and the bones and heart will thank you very soon! Your body can heal very rapidly when it is working correctly and is **not deficient** in anything it NEEDS to function at is optimum efficiency. In fact, every cell in the body (and we have 60+ trillion) can work at 100% capacity all the time but without overworking any of them. Be nice to your body by keeping the toxins out of the body and it will thank you with amazing health!
But toxins are noxious (harmful or injurious to health or physical well-being), to the human body and cause MUCH destruction. Eliminating toxins from the body and repairing the damage done takes some work. Deficiencies, on the other hand, can be easily remedied by giving the body what it is lacking from REAL foods in ALL the food groups. That is what is so great about the protocols we use. They detox the body rapidly when using them consistently and correctly.

Note: In this book, I will focus on the fact that toxins are causing dis-ease in the body and mention deficiencies when discussing what diet the body was designed to be digesting in order to nourish and support the body's systems.

Note: When I refer to food, I am ALWAYS talking about organic, clean foods without any toxins used in its growth or production i.e., words **"certified organic."** It is kind of funny that today we must label foods when 100+ years ago it was just naturally grown this way! Things have changed and since they have, we are now having 1000's of "diseases" of the body that are causing the DIS-EASE of the body.

In today's world, **the number one reason the body is in the state of dis-ease is toxicity**. I believe I can prove this statement in many ways throughout this book but let me use an example to what happened to the man's best friend – the dog.

Now, let me tell you a story from the animal kingdom.
All domesticated dogs can trace their genealogy to the wolf. A wolf is a wild animal that lives by hunting animals. It eats 95% raw meat and a few berries and or vegetation occasionally. In the wild, the wolf finds good sources of fresh water to drink, but this animal can drink out of a puddle full of dirty water and most of the time won't get sick unless the water is toxic! There's that word again – **toxic.** At any rate, this animal does NOT get cancer, arthritis, diabetes, autism, high blood pressure, heart disease, etc.
Now, and a big NOW! You take that same animal and domestic it to be a pet and feed it like a human, processed and toxic foods, then things change. The animal starts to eat dog food which is not what that animal is made to eat. Processed foods should not be in a dog's diet. The dog now eats this every day, and probably gets vaccinated because it is the law, right? Now, we are seeing pet dogs around the world getting cancer, arthritis, diabetes, high blood pressure, heart disease, etc. and even autism! Why? What changed? In the wild a wolf or dog can lick its friends butt and drink out of a dirty puddle and NOT get sick and never get cancer, diabetes etc. I think you know what changed. The animal's body was NOT only fed so-called foods it wasn't designed to eat, but many toxins are now wreaking havoc in the dog's bodily systems resulting in **dis-ease.** On top of that, vaccinations are making its body very toxic by the ingredients in the vaccines and the way the toxins are introduced. By introducing a vaccine through injection, the toxins are bypassing the built-in defenses the animal possesses. This is exactly what happens in humans as well. We will investigate what are in vaccines later in this book. But suffice it to say, vaccines are very toxic and have NEVER worked to achieve herd immunity, another topic that we will touch on later.

It's all about what is happening in the organism or the body. The wild dog turned domestic is being poisoned by toxins and lack of nutrition. Its bodily systems have been compromised by toxins to the point that its built-in immune system is not working like it was created to do! Sound familiar? The same things are happening to us today! If we stop eating the things that our body was NOT designed to eat, then we can expect the same things that happened to the wild dog. Now, if you have been **put on** medications by your doctor to suppress a symptom of a problem that the medical industry won't and can't cure, then you are compromising your body. There is a reason you are having symptoms and the cause of those symptoms needs to be addressed to eliminate or cure the problem. If you add injections of toxins in the form of vaccines, you will compound the problem and by-pass the body's defense systems.
The human body is made to be self-healing, self-cleaning, self-defending and self-monitoring and will self-notify us of its condition so we can "fix" the problem before it becomes systemic which means it affects the whole body and becomes "chronic", i.e. lifelong if not dealt with in the beginning.
Illustration: A good mechanic can see and hear symptoms of an engine having problems in its early stages to eliminate BIGGER future problems. The live-in doctor, your body, is the best mechanic. Everyone needs to become that type of mechanic with their own bodies! You are your best doctor and should be your ONLY doctor unless, of course, in an emergency such as an accident. Although, so-called emergencies can many times be fixed by yourself with the knowledge and tools we will give you in this book. We have the proof by REAL people restoring health from many of the so-called incurable illnesses. That is REAL science by the way! You, as the live-in doctor, have the advantage because you

are being notified long before the body becomes chronically dis-eased. I have talked to many people who knew something was wrong with their body long before it changed their state of overall health. In fact, many people have told me while they were detoxing their bodies, things started to work again that they had grown accustomed to not working! They tell me things like, "my eye sight has improved, my digestion is working correctly again, I no longer have allergies, my bad breath is gone, my bowel movements are normal again, my sense of smell and taste came back, I'm breathing better, I'm having erections again, etc."
So, their bodies are talking to them in a positive way now! Pay attention to what your body is saying good or bad. Your health is at stake. Isn't that what we are all trying to maintain in our bodies? In the case of having **dis-ease** in the body, we must work to get the body back to an "at-ease" condition. Does that make sense to you? The human body is telling you every day if things just aren't right in the form of aches, pains, diarrhea, congestion, headaches and general overall feeling of discomfort. Listen to the **live-in doctor** – YOU! If you are sick, your quality of life is diminished, and it affects every aspect of your being.

The self-monitoring system of the body will notify you by messages or e-mails in the form of symptoms and changes in your state of being. If you pay attention to the **live-in doctor,** then the problem can be fixed promptly without any further damage. You need to learn to listen to those e-mails or signs that your body is sending to your brain. If you ignore the messages, you are like unto a man that builds his house upon sand and not rock which is unwise or foolish to say the least.
Well, most people go to a medical doctor to have him tell them what symptoms they have based on inaccurate blood tests that are designed to get you on **medications, the REAL drugs!** That doesn't even make sense to me and many others critical thinkers with their eyes open to REAL TRUTH! I will get into why that is not a good idea later in the book under the heading, **don't ask your doctor anything about health or nutrition.** I will tell you this though, doctors are trained to find problems to get you into their "allopathic" system of poisoning the body. Their tests are designed to accomplish that. **Nuff said right now!**
I'm telling you toxins are the cause of the dis-ease of the body. Let me show you by an analogy of how toxins can cause major functional problems when allowed to enter the body.
Take for example a car manufacturing plant. Many people have seen the assembly lines of cars being manufactured and the finished product, a brand-new car coming out the last door before being shipped to distributors. Well, that car has been put together with new parts that have all been tested and approved to be working correctly and efficiently. The vehicle is brand new but hasn't been tested yet. So, let's say a worker adds old dirty gas to the gas tank. What would happen? Would it run correctly? No! The sensors in today's cars would send signals to the idiot lights to tell the driver something is wrong and may not start at all to protect it from further damage. **The human body is so much more sensitive and complex that a modern-day automobile!** In fact, it is amazingly complex as is all creation, so we don't have to be or know how it completely works. The most important things that maintain health and defense are obvious by looking at the way our bodies were made to work. How about if this new car calls for a certain type of gasoline to run well and you decide to put straight alcohol in it? Would it function well? Of course, it wouldn't! Or maybe the manufacturer requirements state only use petroleum based 90 octane or above and you put in 70 octane made from corn. Would that be smart? Would you get the same performance? How about old filthy dirty oil? Would that affect its ability to run correctly? Yes! How about if the air intake was restricted? Would the vehicle get the right air/fuel mixture? No! How about if the air was released from the tires? Would it drive well and, if

not fixed, would it affect the rims? If driven with flat it could cause a fire and destroy the whole vehicle, right? Neglecting or adding things that the car was not DESIGNED to function with will cause problems. This is what is happening to the human body today. Could you imagine doing that to a new born baby coming out of the birth canal, the last door of the manufacturing plant? Many babies at birth receive vaccines and fake milk made in a laboratory from a pharmaceutical company. Is it any wonder why we have so many sick children on this planet? Does this make sense to you? Toxins like **glyphosate** developed by Monsanto have been found in the fetus long before birth. This noxious substance must be causing major problems even before birth. The medical industry might blame it on "bad or corrupted" genes, but what are the real causes, **toxins?** I think by the time you finish this book; you will see that **the major cause of the dis-ease of the body is TOXICITY period!** I will keep saying this all through this book to cement it into your brain!

I want to make the transition from what is dis-ease and why we have disease of the body to: **How is the body becoming diseased? Can we stop it? Is it possible?** Laying an understandable foundation for ALL to read is important so you can build upon this information and "take control of your own health" and become your own doctor! I will go into to the following steps later in the book but here are the simple steps I will show you how to rid dis-ease from the body. We are seeing success all around the world by following these **self-care sacramental protocols:**

1. **Detoxing the body with the #1 killer of pathogens in the world** – Chlorine Dioxide, as well as other sacramental protocols we have developed and proven worldwide!
2. **Stopping toxins from entering the body**. Toxic NON-Foods and medications, the REAL drugs need to be stopped from entering the body.
3. **Recovering the body's "built-in" immune system,** as well as providing ALL the systems of the body with essential nutrients, to reach "homeostasis" or complete balance. The body is the ultimate healer and if we support that complex marvelously-created structure with what it needs to its job of maintaining health, it will eradicate the "dis-ease" state.
4. **Remove toxic relationships that cause stress** which weakens the immune system and, in turn, the whole body. Personal relationships, family pressures, stress at work can all be toxic to the **Body, Mind and Spirit** which, in turn, cause dis-ease of the body. This toxic environment can cause the beginnings of the dis-ease of the body!

Note: If you don't take your health into your hands, you will be poisoned slowly and not have any quality of life by the time you are 60 and many times earlier!

I need to show everyone what started this downward trend of health and how it has entered our lives and world. Was it premeditated? Could it have been stopped? These are two questions we need to be asking ourselves. Is it possible to individually stop a dis-eased condition in your body and maintain health?

So, what has exactly happened to our world to have so many people in a state of "dis-ease?" What has happened in the last 250 years but the last 100 years that would have caused dis-ease to have increased exponentially and go from a few **sicknesses to thousands of them?** Good question, huh? Well, let's investigate history and see what has changed, then you will have the answer to that question.

History of modern dis-ease

I say modern dis-ease because 300 years ago, we didn't have AIDS, Autism, Alzheimer's, Parkinson's, ADHD, Gastritis, Crohn's, IBD, chronic allergies, arthritis, prostate dis-ease, etc. 1 in 4 people in U.S. alone will have cancer in their lifetime! Diabetes is at epidemic levels and they are treating pre-diabetes! People are told by the medical industry that it is normal to have "health issues" beginning at age 40. Why all the female health problems even to the point of sterilization? The skeletal system of the body is crumbling. Mental illness is very high among the population including depression, schizophrenia and suicidal tendencies. Can all these be being caused by toxins? Yes, I believe most are and can show evidence that it is.
There is so much information out there but, I will try to give you an overview of most of it. Also, if you want to research it more, then I have covered many topics in detail in newsletters and videos free to the world! I will cover the main reasons why we have dis-ease in the world. By the way, **the very world we live in is in a dis-eased state!** In fact, the body is a microcosm of all creation. As nature goes, so goes the body!

REAL History doesn't lie!

We will go back in history to the mid-1700's. Humans didn't live on raw meats as the wolves, BUT they weren't consuming the toxins that most do today. We are also surrounded by toxins in our water, air, foods and medications. In the 1800's, the average lifestyle in the world as far as food and nutrition and even medicines, was 180 degrees from what it is in today's world. That is one of the reasons why the body is dis-eased and isn't repairing itself as it was made to do. What has changed?

Time line of medical toxicity (LESSONS from Real History)

"But if any man be ignorant, let him be ignorant." **1 Corinthians 14:38**

I believe that vaccines and medications are the number one-way toxins are entering the human bodies worldwide today, even more than food. I would not want to stand before the Lord without warning people of these horrible poisons causing one of the evilest programs of genocide in the history of the world! Please pay attention. This info is not to fill pages.

STOP RIGHT HERE AND READ THIS!

There is critical information IN THE FOLLOWING CHAPTER that will answer a lot of questions for you, so don't skip this for the sake of knowing what is going on behind the scenes and the future of the U.S., the world and your children! May God open your eyes.

What I am about to show you I have researched and read in many different books for the last 40 years including the Bible. **This information is KEY** to you understanding why we have so much dis-ease of the body today in the U.S. It is a history of how toxins entered our country from mainly England and Germany. There is a lot of eye-opening information that will tell you the why, the who, the when, the

where and the how of one of the world's most hideous plans by greedy, evil people that are not interested in anyone's health but their own agendas. In fact, you will see that all of us have become **their private human research lab!** This small group of individuals have literally deceived the world and have taken control of ALL media, government, banking, universities, hospitals, schools, transportation, military, oil, gold, stock market and even research and development of all medicines in the U.S., Canada, England, Germany, Australia, New Zealand and most of the world! They formed partnerships with each other to "keep it in the family" to continue their plans. Many of these evil players believe and promote **eugenics** which is basically the NAZI or satanic belief of a superior race with all others

being slaves to them! They control all the money, power and influence to fulfill their plans and they have done and are doing it today in **2017!** These people are household names. This is NO joke. **Do yourself a favor and get alone and really assimilate this information and hang on, this will change your idea of "healthcare" period.**

This was not done by me, but by a man named Michael Tsarion, whom I have talked to and will be interviewing on the **G2Voice Broadcast.** I have studied and taught REAL history for over 40 years and even visited areas where I saw more evidence of what you are about to read. This is factual. Thank You, Michael, for putting this time line together. I have tried to give you the highlights about vaccines, medicines and medical research and those involved. This time line is 50 pages long, so get yourself a nice hot drink or cold beer or a glass of your favorite wine and read this information. The bold emphasis and a few notes are mine and not in the original writing. Enjoy it and if you are like me, it will make your blood boil but stay calm and learn from it, ok?

May the Lord guide you into a life of REAL health!

CHAPTER 2 – VACCINE AND MEDICAL TOXIC TIMELINE

(with the key characters involved in it)

1754 Inoculation for **smallpox** introduced in Rome. The practice was soon stopped because of the number of deaths it caused. Later, the medical profession would successfully reintroduce it.

1763 Epidemic of **smallpox** in France wipes out a large part of the population. It was immediately attributed to inoculation, and the practice was prohibited by the French government for five years.

1763 The first recorded episode of **biological warfare** in the United States occurs when white colonial settlers give smallpox-infected blankets to Native Americans who sought friendly relations. Also, a significant case of genocide.

1768 The medical profession in France is successful in re-instituting vaccination for smallpox.

1777 Nathan **Rothschild** born. Weishaupt joins the Munich Masonic Lodge, and within two years would be in control of the lodge of Theodore of Good Counsel.

1778 In Italy, infants were **inoculated by Neapolitan nurses without the knowledge of parents.**

1790 Edward **Jenner** buys a medical degree from St. Andrews University for £15.

1791 Edward **Jenner** vaccinates his 18-month-old son with swine-pox. In 1798, he vaccinates his son with cow-pox. His son will die of TB at the age of 21.

1796 Edward **Jenner** in Gloucestershire, England, credited with **concept of vaccination.** Jenner vaccinates an 8-year-old boy with smallpox pus. Jenner would vaccinate the boy 20 times. The boy would die from TB at the age of 20.

1798 General vaccine programs against cowpox instituted in the U.S.
1800 Benjamin **Waterhouse at Harvard University introduces vaccination in Massachusetts.**

1801 First widespread experimentation with vaccines begins.

1802 The British government gives Edward **Jenner** £10,000 for continued experimentation with "smallpox vaccine." The paradigm that vaccines provide "lifetime immunity" is abandoned, and the concept of "revaccination" is sanctioned.

1805 Morphine isolated by Sarturner.

1810 The London Medical Observer (Vol.VI, 1810) publishes of 535 cases of smallpox after vaccination, **97 fatal cases of smallpox after vaccination**, and 150 cases of serious injury from vaccination, ten of whom were medical men.

NOTE: I had to add this part from the whole-time line because it is the plan that the U.S. educational system is based on, i.e. programming! Pay attention to this! Even our T.V. shows are called "programs"!

1819 Prussian (German) law makes education compulsory. The Humboldt brothers, Stein and others divide German society into three distinct groups: **(1)** those who will be policy makers who are taught to think (.5%), **(2)** those who will be engineers, lawyers, doctors who are taught to partially think (5.5%) and **(3)** the children of the masses (94%), who were to learn obedience and how to follow orders. The school of the masses (volkschulen) divided whole ideas into subjects which did not exist previously. The result was that people would **(1) think what someone else told them to think about**, **(2) when to think it**, **(3) how long to think about it**, **(4) when to stop thinking about it**, and **(5) when to think of something else.** This way, no one in the masses would know anything that's really going on. (Although brilliant, the system is inherently negative in nature - it would lead eventually to German mind control paradigms in the late 19th and 20th century. The system also weakens or breaks the link between the child and the capacity to read (cross-assimilation creating whole ideas) by replacing the alphabet system of teaching reading with a system of teaching sounds, (breaking into smaller units). **The same paradigm relative to reading is currently injected into U.S. Society by the Peabody Foundation, who imposed a northern system of schooling on the U.S. South between 1865 and 1918. The system in the northern U.S. is the Prussian system. Over 48% of the soldiers in the American Revolution against the British, on both the American and British sides, were Prussian (German) mercenaries.**

1822 The British government advances Edward Jenner another £20,000 for "smallpox vaccine" experimentation. **Jenner suppresses reports which indicate his concept his causing more death than saving lives**.

1827 Aluminum is discovered.

1832 British Medical Association chartered. Impetus for forming AMA in U.S.

1833 Mercury amalgam fillings introduced in NYC. Dentists rebelled.

1836 Britain imports 30,000 chests of opium to China.

1837 J.P. **Morgan** is born

1839 John D. **Rockefeller** is born.

1846 Nucleus of physicians in New York form the **American Medical Association.**

1847 American Medical Association (AMA) organized in the U.S.

1848 Rockefeller interests establish prime goal of control of U.S. medical system.

1849 William A. **Rockefeller** indicted for raping a hired girl. William also bills himself as a **"cancer specialist"** and sells petroleum-based products as elixir.

1850 Homeopathic college founded in Cleveland, Ohio.

1850 British physician reads a paper detailing microscopic examination of food products to the Botanical Society of London. The paper revealed that **all food products examined in Britain were adulterated with foreign substances, including chemicals.** Hearings periodically held for decades.

1853 First use of hypodermic needle for subcutaneous injection.

1855 Compulsory nature of Massachusetts vaccination statute firm, and a pre- condition for school admittance. Statutes created in the belief it would "protect children from smallpox."

1857 Vaccination in England enforced by fines. Smallpox epidemic begins in England that lasts until **1859 when over 14,000 die**.

1860 Encyclopedia Britannica (8th Edition) states **"nothing is more likely to prove hurtful to the cause of vaccination and render the public careless of securing to themselves its benefits, than the belief that they would require to submit to revaccination every 10 to 15 years."** Later, in the 11th edition of the Encyclopedia Britannica, the policy would change: **"it is desirable that vaccination should be repeated at the age of 7 to 10 years, and thereafter at intervals during life."**

1860 Food and Drug Act in England established.

1867 Vaccination Act of 1867 in England begins to elicit protest from the population and increase in the number of anti-vaccination groups. It **compelled the vaccination of a baby within the first 90 days of its life**. Those who objected would be continually badgered by magistrates and fined until the child turned 14. The law was passed on the assurance of medical officials that smallpox vaccinations were safe.

1871 In Birmingham, England, from 1871 to 1874, there were **7,706 cases of smallpox. Out of these, 6,795 had been vaccinated.**

1871 In Bavaria, **Germany, vaccination is compulsory, and revaccination is commonplace**. Out of 30,472 cases of smallpox, 29,429 had been vaccinated.

1872 Japan institutes **compulsory smallpox vaccination. Within 20 years 165,000 smallpox cases manifest themselves.**

1872 In England, 87% of **infants are vaccinated for smallpox. Over 19,000 die** in England and Wales.

1880 Smallpox vaccinations start in the United States.

1883 Galton introduces the term "**Eugenics"** to describe his ideas and proposes practices of racial superiority and sterilization.

1884 In England, Dr. Charles Creighton is asked to write an article for the Encyclopedia Britannica on vaccination. After much research internationally, he concludes that vaccination constituted "a gross superstition." Later, Creighton writes two books, "Cowpox and Vaccinal Syphilis" and **"Jenner and Vaccination."**

1884 In England, more than **1700 children vaccinated for smallpox die of syphilis.**

1884 Dr. Sobatta of the German Army reports on the results of vaccination to the German Vaccination Commission, which subsequently publishes data proving that **re-vaccination does not work. Deaths from vaccination are routinely covered up by physicians.**

1886 A seven-year period begins **in Japan** where 25,474,370 vaccinations and re-vaccinations are performed in Japan, representing 66% of the entire population of Japan. During that period, there are 165,774 cases of smallpox with **28,979 deaths**.

1885 General vaccination program against rabies begins in the United States.

1887 In England, Dr. Edgar M. Crookshank, professor of pathology and bacteriology at Kings College, is asked by the British government to investigate the cowpox outbreak in Wiltshire. The result of the investigation was contained in two volumes of "The History and Pathology of Vaccination," in which he states, **"The credit given to vaccination belongs to sanitation."**

1888 Bacteriological Institute opens in **Paris for experimentation with animals** and production of vaccines and sera. Other institutes open around the world modeled after the Paris Institute.

1888 Bacteriological Institute in Odessa, Russia, tries its hand at a vaccine for **anthrax.** Over 4,500 sheep are vaccinated; **3,700 of them die from the vaccination.**

1889 In England, a royal commission is appointed to inquire into certain aspects of the vaccination question. The committee would be in session for 7 years and would issue 6 reports, with the final report in 1896. **The result of the final report was the Vaccination Act of 1898.**

1890 Andrew **Carnegie** writes a series of eleven essays called **"The Gospel of Wealth,"** a treatise which essentially stated that free enterprise and capitalism no longer existed in the United States, because **he and Rockefeller owned everything, including the government, and that competition was impossible unless they allowed it**. Eventually, says **Carnegie**, the young children will become aware of this and form clandestine organizations to fight against it. **Carnegie proposes that men of wealth form a synthetic free enterprise system based on cradle-to-grave schooling.** The people who advanced through schooling would be given licenses to lead profitable lives. All licenses are tied to forms of schooling. This way, the entire economy can be controlled, and people have a motivation for them to

learn what you want them to learn. It also places the minds of all children in the hands of a few social engineers. **(German System).**

NOTE: You will see Rockefeller and Carnegie mentioned a lot regarding health and research or should I say death and torture!

1893 Johns Hopkins Medical School established. HQ of **German Allopathic Medicine.**

1895 Diphtheria vaccination program begins. Over the period lasting until 1907, 63,249 cases of diphtheria were treated with anti-toxin. Over **8,900 died**, giving a fatality rate of 14%. Over the same period, 11,716 cases were not treated with anti-toxin, of which 703 died, giving a fatality rate of 6%.

1896 Carlo Ruta, a professor at the University of Perugia in Italy, states that **"vaccination is a worldwide delusion and an unscientific practice, with consequences measured today with tears and sorrow without end."**

NOTE: You hear what he said?

1897 AMA formally incorporated, paying $3 fee to State of Illinois.

1898 Eugenic sterilization bill is unsuccessfully introduced into the legislature in Michigan, providing for **the castration of all inmates** of the Michigan Home for the Feeble minded and Epileptic.

1898 Rockefeller interests' prime goal of control of medical education in U.S.A.

1898 Vaccination Act of 1898 in England. Elections held for the "board of guardians," the administrators of the vaccination laws, and by 1898 over 600 boards in England were pledged not to enforce the law. The Act of 1898 contained the first "conscience clause," although no claims of conscience were ever approved by magistrates.

1899-1924 Dr. George Simmons dominates the American Medical Association.

1899 Meeting in London where the **Warburgs, Morgans, and Rothschilds** become affiliated.
NOTE: Watch these families!

1900 AMA began to achieve goal of replacing existing medical system with allopathy

NOTE: The medical system they were trying to replace was plant based and natural.

1900 Cancer causes 4% of deaths in the United States.

1900 Deaths from **measles** were 13 per 100,000 (13:100,000)

1901 J.P. Morgan partner Willard Straight becomes assistant to Sir Robert Hart, chief of Imperial Chinese Customs Service, **conducting opium traffic.** Later, **Straight** becomes head of **Morgan** Banks Far Eastern operations.

***1901 Rockefeller** Institute for Medical Research founded.*

NOTE: Rockefeller, Morgan and Carnegie need the opium for medicines. **Morgan** is tied to **Rothschild** and **Warburg** families. Pay attention as this becomes obvious how they are all tied into medical/pharmaceuticals research and medical foundations.

1902 The Chicago Health Department develops its **"vaccination creed,"** which states that "true vaccination repeated until it 'no longer takes' always prevents smallpox. Nothing else does." The policy is immediately taken up by the U.S. military.

1903 Rockefeller Institute for Medical Research expands influence.

1904 Carnegie Institution of Washington establishes a biological experiment station at Cold Spring Harbor, New York. **Eugenicist** Charles B. **Davenport** is assigned to be director.

1904 German Alfred Ploetz founds the Archive for Racial and Social Biology, which becomes the chief journal of the **German eugenics** or race hygiene movement. Eugenics is popularized in Germany by Ernst **Haeckel.**

1904 German chemical companies negotiate to merge interests.

1904 John D. Rockefeller issues "Occasional Letter No.1" detailing plans to mold the people, reduce national intelligence to the lowest common denominator, destroy parental influence, traditional and customs, and eliminate science and real learning, "in order to perfect human nature."

Note: Like they did most of this BUT where is the perfect human nature? Eugenics AGAIN!

1904 Eugenics laboratory established at Cold Springs Harbor on Long Island, constructed by Charles B. **Davenport.** Cold Springs Harbor was also the location of the estates of both **Dulles brothers.** Cold Springs facility is funded in excess of $11 million by the **Harrimans** and the **Rockefellers**.

1905 Food and Drug Act passed in the United States.

1905 Eleven states in the U.S. have compulsory vaccination laws; 34 states do not. No states physically force injections on citizens. **Vaccination was made compulsory without state legislation providing for analysis of its history.**

1905 First Communist Revolution in Russia fails. Lenin sent to Switzerland. Funds used for this first attempt provided by John D. Rockefeller through Standard Oil representatives.

1905 New York Times notes in its obituary of Baron Alphonse de **Rothschild** that he possessed $60 million in American securities, despite the fact that financial authorities deny **Rothschilds** are active in U.S. finance.

1906 First Pure Food and Drug law in the United States passed.

1907 England passes the **Vaccination Act of 1907**, after the newly elected government comes to power. The act allowed **a statutory objection from a parent relative to a child vaccination before the child was four months old.**

1907 Bureau of Chemistry empowered by Congress to **police quality of U.S. food.**

1907 J.P. Morgan precipitates Banking Panic of 1907 after **Rothschild** visits, as a future "example" of America's need for a central bank. **J.P. Morgan would eventually gain control of all large insurance companies in the U.S.**

1909 Massachusetts Senate introduces bill prohibiting compulsory vaccination. (WHY?)

1909 Harriman Research Institute formed when E. H. Harriman dies.

1909 Carnegie Institution of Washington incorporated

1909 Rockefeller Sanitary Commission established. Beginning of **Rockefeller** Foundation.

1909 New York Press, January 26, 1909, publishes a report by W.B. Clark which states**, "cancer was practically unknown until cowpox vaccination began to be introduced. I have seen 200 cases of cancer, and I never saw a case of cancer in an unvaccinated person."** Scientific evidence begins to mount that where human lymph is employed in a vaccine, syphilis, leprosy and TB soon follow. Where calf lymph is employed in the creation of a vaccine, TB and cancer soon follow. (Cancer and Vaccination by Esculapius).
1910 AMA requests **Carnegie** Foundation to survey all U.S. medical schools. Simon **Flexner** (later to be a director of the **Rockefeller Foundation**) produces the report.
NOTE: So what Flexner did was to attempt to align medical education under a set of norms that emphasized laboratory research and the patenting of medicine — both of which would serve to further enrich the estates of the entrepreneurs who funded Flexner's 1910 report: John Rockefeller, Andrew Carnegie, and others. SEE: https://www.cancertutor.com/flexner-report/

1910 Carnegie institutes his Wundt model of volkschulen, school for the masses, in his home town of Gary, Indiana between 1910 and 1914. The system had no academic endeavor at all. The Gary system was pioneered by William Wirt.

1910 Rockefellers have achieved working control of the **Carnegie Foundations**. The Educational Trust **controls all jobs in education and is run out of Stanford and Columbia Teachers College.**

1910 The **one-room schoolhouse is no longer in existence** in the United States.

1911 General vaccination programs against typhoid begin in the United States.

1911 Carnegie Corporation incorporated by **Andrew Carnegie** and Elihu **Root.** The directors for the Carnegie Corporation in the future would include Mark Kaplan, president of Drexel Burnham and Lambert (Belgian **Rothschilds**).

1912 First whooping cough (Pertussis) vaccine created by two French bacteriologists, Jules **Bordet** and Octave **Gengou,** who wanted to use it in Tunisia. After they grew Pertussis bacteria in large pots, they killed it with heat, mixed it with **formaldehyde (used to embalm bodies) and injected it into children.**

1912 Dec. 16 Truth magazine: "Schiff head of Kuhn Loeb for **Rothschild** interests."

1913 John D. **Rockefeller** founds **Rockefeller Institute** with $100 million grant.

1913 Rockefeller Foundation Charter pushed through Congress by Senator Robert F. Wagner of New York, as a way to evade government decrees against the Standard Oil monopoly. A spinoff of the **Rockefeller Foundation, the China Medical Board**, secured the China oil market and gave access to the **highly profitable Asian drug trade, after Rockefeller financed** the rise to power of the Soong family, who created modern China. A future director of the **Rockefeller Foundation** would be Lee **DuBridge,** also a president of the California Institute of Technology, a trustee of the **Rand Corporation,** and a member of the U.S. Atomic Energy Commission.

1913 The American Cancer Society is formed. (See 1944).

1913 Federal Reserve Act "passed" while Congress adjourns for Christmas Holiday. **Founders** of the Federal Reserve Bank (central bank) include members of the **Rothschild** family, **J.P. Morgan**, and Paul **Warburg** (not a U.S. citizen before or after). Paul Warburg's brother goes to Germany to start a central bank there. **Charles Lindbergh said, "the Act establishes the most gigantic trust on Earth...the new law will create inflation whenever the trust wants inflation...from now on, depression will be artificially created."**

1914 First National Congress on Race Betterment held in Battle Creek, Michigan. A **"segregation and sterilization program"** was proposed to reduce the number of "defective and anti-social" people in the population from 10% to 5.7% by 1955 by **sterilizing 5.7 million Americans.**

1914 The German Reichstag considers a **eugenic sterilization law.**

1914 I.G. Farben, headed by Carl Duisberg, pushes for chemical warfare. **Nobel prizewinner Fritz Haber is regarded as the "father of chemical warfare."** I.G. production of chlorine gas is 40 tons per day.
NOTE: The Noble Brothers are friends with Rockefellers

1914 Harrison **Drug Control Act.**

1914 Eugenics taught at **Harvard University, Columbia, Cornell, Brown,** Wisconsin, Northwestern, Clark and other universities.

1915 David **Rockefeller** born.

1915 J.P. Morgan organizes control of **U.S. newspaper businesses.**

1915 Author Margaret **Sanger** jailed for writing book limiting family size.

1916 Walter S. Gifford organizes the U.S. Council on National Defense, formed to involve the U.S. in World War 1. Gifford later becomes **president of ATT**, a chairman of the board of the **Carnegie Institution,** and an officer of the **Rockefeller Foundation.**

1916 The first evidence of **brown mottling of teeth** is reported in the United States.

1917 Wagner von Jauregg tr**eats syphilitic paralysis by injecting malaria.**

1917 Carnegie's schooling system is brought to New York by William **Wirt** and tried in twelve schools that were predominantly Jewish. Jewish immigrants, realizing what was being perpetrated, riot for three weeks. Over 200 school children were jailed.

1917 Post WWI supplies of **chlorine designated to be added to water supplies.**

1917 AMA hostility toward compulsory health insurance.

1917 Fifteen states in the U.S. have **eugenics laws** on the books which authorize sterilization of criminals, epileptics, the retarded, and insane.

1918 World War I ends after the use of 66 million poison gas artillery shells.

1918 Great influenza epidemic attributed to widespread use of vaccines.

1919 Diphtheria vaccinations injure 60 and **kill 10** in Texas.

1919 Death rate from encephalitis accelerates. Between 1919 and 1928, over **500,000 deaths** and 1,000,000 cases of neurological impairment were attributed to this disease, which affects males more than females. Recent research indicates that this epidemic was a late manifestation of the post-World War I influenza outbreaks, and that both were **due to the appearance of a swine flu virus.**

1920 Dr. Otto **Warburg** experiments with human cells. Removes 35% of the oxygen and cells become non-reversibly cancerous.

1921 Second International **Congress of Eugenics** held in New York City. Sponsoring committee includes Herbert Hoover and the presidents of Clark University, Smith College, and the **Carnegie Institute** of Washington **(Rockefeller)**.

1921 BCG **tuberculosis vaccine** developed.

1921 Fredrich Dessauer advocates **x-ray therapy**

1922 H.H. Laughlin, the expert **eugenics** agent of the U.S. House of Representatives Committee on Immigration and Naturalization, proposes the **Model Eugenic Sterilization Law**—a model to be followed by **Hitler** in 1933. Laughlin's law would mandate destruction of criminals, the insane, those

with TB, the blind, the deformed, the crippled, and the dependent.

1922 School becomes the ultimate screening mechanism and ultimate creator of **a receptive, docile public.** Individual communities were gradually denied the right to hire their own teachers. State legislatures forced to accept the idea of "certification" by **Carnegie/Rockefeller controlled Education Trust** and teacher colleges.

1922 Aluminum production (along with production of toxic by-product sodium fluoride) increases. Aluminum cookware is mass introduced in the U.S., **beginning the gradual accumulation of aluminum in the brains of Americans.** Additional **aluminum is injected into society in "antacids."**

1922 Coca-Cola plant built in Ashtabula, Ohio. The drink contains coal tar derivatives, flavoring, and massive amounts of sugar.

1922 Illinois Medical Journal says **AMA has become an autocracy.**

1922 By 1922, more than 100 radiologists died from **X-ray induced cancer.**

1923 Canadian physician Frederick **Banting receives Nobel Prize** for discovery of a way to **extract the hormone insulin**, which permitted control of blood sugar in those with diabetes. This opens a whole new medical market because of the **growing sugar addiction** in the U.S. public.

1923 U.S. Congressman Stephen Porter passes a bill through Congress calling for import quotas on opium that would reduce consumption 90%, leaving the remaining **10% for "medical purposes."**

1924 Dr. Seale **Harris** of the University of Alabama discovers that **sugar can cause hyperinsulinism** and recommends people cut sugar consumption. The medical establishment comes down on Harris and his work is suppressed. Harris would be awarded a medal by the AMA 25 years later as pharmaceuticals to control low blood sugar are developed and put into production. The basic contribution of **refined sugar to the problem remains suppressed.**

1924 George Herbert Walker **Bush** born in Milton, Massachusetts. "Bunny" **Harriman** brings **Prescott Bush** into U.S. Rubber Company in New York.

1924 Diphtheria vaccinations kill 25 in Bridgewater, CT and 20 in Concord, NH.

1924 Diphtheria vaccinations kill 6 in Baden, Austria.

1925 Doctors at the Paris Academy of Medicine discuss **deaths occurring shortly after vaccination in Holland** and other European countries.

1925 General vaccine programs against tuberculosis began in the United States.

1925 I.G. Farben is reorganized by the **Warburgs** as a merger between Badische Anilin, **Bayer**, Agfa, Hoechst, Welierter-Meer, and Griesheim Elektron. Max **Warburg** is the Director of I.G. Farben

(Germany) and I.G. Chemie (Switz).

1926 American I.G. founded as a holding company controlling I.G. **Farben** assets in the United States. Some board members were Edsel Ford, Charles Mitchell (President of **Rockefeller's** National City Bank of New York), Walt Teagle (President of Standard Oil), Paul **Warburg** (Federal Reserve chairman and brother of Max **Warbug**, financier of Nazi Germany's war effort and Director of American I.G.) and Herman Metz, a director of the **Bank of Manhattan, controlled by the Warburgs.** Three other members of the Board of Governors for American I.G. were tried and convicted as German war criminals.

1927 Diphtheria **vaccinations** injure 37 and **kill 5** people in China.

1927 British government appoints a committee to inquire into "vaccine lymph," as it is noticed that the "glycerinated calf lymph" used in **vaccinations causes deaths from "sleepy sickness.**" Two London professors bring notice of the problem to the government in 1922. It takes five years before the government responds.

1927 Smallpox in England dwindles almost to the vanishing point. **Fatality of the unvaccinated cases is less than half of the vaccinated cases.**

1928 Third International Congress of **Eugenics.** At the conference, a Dr. Robie calls for the **sterilization of 14 million** Americans with low IQ scores.

1928 Henry **Ford** merges assets with **I.G. Farben**.

1928 John D. **Rockefeller** interlocks his empire with **I.G. Farben** in Germany.

1929 Dr. Wiley's book, "**The History of a Crime Against the Food Law"** was published, detailing the **subversion of the food purity laws and government corruption;** all the books produced are mysteriously bought up, and no copies can be found. Wiley's **Bureau of Chemistry** is dismantled and replaced by the Food Drug and Insecticide Administration, precursor of the FDA. All lists of "dubious compounds in food" were declared **"Generally Recognized as Safe (GRAS)."**

1929 Standard Oil gains 1/2 rights to **hydrogenation process** in the world except Germany.

1930 Max Theiler develops a **yellow fever vaccine.**

1930 Ernst Rudin, professor of psychiatry at Munich and director of the Dept. of Heredity at the Kaiser Wilhelm Institute visits the U.S. and was praised by the leaders of the **Carnegie Foundation**. Rudin, later architect of Nazi Germany **sterilization law**, was financially supported by a large **Rockefeller grant.**
1930 Diphtheria vaccinations injure 32 and **kill 16** in Colombia.
1931 Fluoride in drinking water is found to be the cause of brown teeth—now known as dental **fluorosis.**

1931 H.Trendley Dean of the U.S. Public Health Service initiates studies on fluorides under the jurisdiction of Treasury Secretary Andrew **Mellon (founder of Alcoa aluminum, who is one of the main suppliers of toxic sodium fluoride as a by-product of aluminum manufacture)** publishes a purposely skewed study showing that, at 1 ppm, fluoride results in the reduction of tooth decay.

1931 I.G. **Farben** and **Alcoa Aluminum** sign Alig Agreement pooling patents.

1931 Cornelius **Rhoads**, a North American pathologist at the **Rockefeller** Institute for Medical Investigations in Puerto Rico, carries out an experiment on **Puerto Ricans deliberately infecting them with cancer. Thirteen die.** In a letter leaked to the Puerto Rican Nationalist Party, Rhoads wrote, "the Puerto Ricans (sic) are lazy and degenerate. What the island needs is something to exterminate the entire population. I have done my best to further the extermination." The president of the PRNP brings the case to the press, and a legal investigation is initiated. The prosecutor exonerates Rhoads, calling him "a mentally ill person or a man with few scruples." **Rhoads goes on in later years to direct the establishment of U.S. Army chemical warfare labs in Maryland,** Utah, and Panama, for which he was awarded the Legion of Merit in 1945. (See 1945, Rhoads.)

1931 Roosevelt endorses polio **"immune serum,"** precursor to vaccines in 1950's.

1932 The **U.S. Public Health Service** initiates a study in Tuskegee, Alabama, where **black men are given syphilis.** Four hundred men were unwittingly given the disease. No medical care was offered. The study ended when it was discovered in 1972, after 40 years. The office supervising this study was the **predecessor of the Center for Disease Control unit now in charge of the AIDS program.**

1932 Diphtheria vaccines injure 171 and kill 1 in Charolles, France.

1932 Research (Young) indicates that **neuritis is commonly precipitated following vaccination** with anti-tetanus, anti-pneumococcal, and anti-meningitis serums.

1933 FDR becomes president of the United States. **The Great Seal of the United States, with Novus Ordo Seclorum (New World Order) added to currency.**

1933 Danish researcher Thorvald Madsen discovers the Pertussis vaccines ability to kill infants without warning (SID). He reports that **two babies vaccinated immediately after birth died** in a few minutes.

1933 American researchers report that **children react to Pertussis vaccine with fever, convulsions, and collapse.**

1933 Vaccination programs against Yellow Fever begin in the United States.

1935 Lobotomy introduced in the United States. In the next 30 years, over **100,000 people would have their brain mutilated in American institutions.** At the University of Mississippi Medical Center, Dr. Orlando J. Andy would apply lobotomy to six-year-old children.

1935 The **Rockefeller** Trust begins the process of pouring $90 million dollars into research in molecular biology, the basis of **genetic engineering, through 1959.**

1936 Pertussis vaccine introduced in the United States. A**utism begins to appear in children shortly thereafter.**

1936 I.G. **Farben produces Zyklon B gas for extermination camps.**

1937 AMA "approves" drug sulfanilamide with diethylene glycol. Kills people.

1938 German chemist Schrader discovers Sarin, 10 times more lethal than Tabun, which is **compounded into various compounds including Sodium Fluoride,** which is later dumped into planetary water supplies to placate the population.

1938 Food, Drug and Cosmetics Act **certifies 19 dyes for use in foods**.

1938 The idea of **"booster shots"** arose as a "solution" to poor antibody response in infants and newborns. These become customary in the 1940's.

1939 Dr. Weston Price, a research dentist, publishes Nutrition and Physical Degeneration: A Comparison of Primitive and Modern Diets and Their Effects, which proved that refined foods and sugar causes physical degeneration and disease and opposed to natural unrefined foods.

1940 Germany orders **compulsory mass immunization for children.** As a result, by 1945, Germany's Diphtheria cases increase from 40,000 to 250,000.

1940 British researchers at ICI discover substances for use **in anti-crop warfare,** which were subsequently tested in fields in England.

1940 American intake of petroleum-based food colorings/additives increases ten-fold (to 1977). **Most of the additives prove later to be carcinogenic.**

1941 (to 1945) WWII. Onassis sells oil, arms, and dope to both sides without losing a single ship or man.

1941 Louis **Sauer** of Evanston, Illinois, an avid supporter of mass vaccination, reports that only 27% of a group of 89 babies developed "protective antibodies" when vaccinated at three months of age or less." Sauer urges that Pertussis vaccination "begin no earlier than seven months" because **"most of these infants did not yet possess the power to develop adequate immunity when they were injected so early in life."**
NOTE: They knew this back then!

1941 AMA "approves" I.G. **Farben** subsidiary "sulfathiazole," which kills many.

1941 Viktor Brack, one of the heads of the German euthanasia program, sent a "Report on Experiments in X-ray castration" to Himmler. According to Brack, "a two-tube installation could sterilize 200 persons a day."

1942 University of Columbia issues a report on St. Louis Encephalitis. Professor of Neurology at Columbia University Josephine B. Neal writes that **"pertussis encephalitis in early childhood was likely to leave individuals crippled with motor and personality handicaps."**

1942 Germany becomes world's largest producer of aluminum (and Sodium Fluoride)

1943 Researchers from the U.S. Public Health Service examine the health of residents of Bartlett, Texas to see if the **8-ppm fluoride** in the drinking water was affecting their health. It was checked again in 1953. They find that the **death rate in Bartlett was three times higher** than a neighboring town which contained 0.4 ppm fluoride.

1943 American vaccine researcher Pearl Kendrick reports that adding a metallic salt seemed to heighten the capacity of the Pertussis vaccine to produce anti-bodies. (**Metal salt is an "adjuvant" in this way). Some metallic salts used are those of aluminum (alum)**. Pearl Kendrick is the researcher that urged that Pertussis vaccine be combined with Diphtheria vaccine. Later the Tetanus vaccine was added, producing the nefarious DPT Vaccine.

1943 Dr. John Tinterta rediscovers the vital importance of the endocrine system and **connects sugar use to production of hyperadrenocortic** episodes in humans intolerant to sugar, where adrenal hormones are suppressed, producing inability to think clearly, allergies, inability to handle alcohol, depression, apprehension, craving for sweets, and low blood pressure.

1943 General **vaccine program against influenza** begins in the U.S.

1943 Infantile paralysis epidemic kills 1200 and cripples more in U.S.

1943 The Journal of the American Medical Association on September 18, 1943, states, **"fluorides are general protoplasmic poisons**, changing the permeability of the cell membrane by inhibiting certain enzymes. The exact mechanism of such actions is obscure. The sources of fluorine intoxication are drinking water containing 1 ppm or more of fluorine, fluorine compounds used as insecticidal sprays for fruits and vegetables (cryolite and barium fluoro-silicate) and the mining and conversion of phosphate rock to superphosphate, which is used as a fertilizer. That process alone releases approximately 25,000 tons of pure fluorine into the atmosphere annually. Other sources of fluorine intoxication are from the fluorides used in the smelting of many metals, such as steel and aluminum, and in the production of glass, enamel, and brick."
1943 Child psychologist Leo Kanner observes a **new illness appearing in U.S. children,** "inborn autistic disturbance of affective contact." The problem became known as "infantile autism" or simply **"autism."**

Outstanding features of this new problem: self-absorbed alienation, inability to relate in the ordinary way to people and situations from the very beginning of life, detachment, nervous hostility with strangers, emotional bluntness and isolation, impaired relationships, and reading with little or no comprehension and inability to process experience. As a result of this process, gaining wisdom and learning from experience becomes impossible.

1943 Diphtheria cases in Nazi occupied France rise to 47,000 after **Germans force compulsory vaccination**. In nearby Norway, which refused vaccinations, there were 50 cases of Diphtheria.

1944 Asperger in Vienna describes the first cases of **adult "autism"** to appear.

1944 The city manager of Grand Rapids, Michigan, announces that the Michigan State Department of Health is planning a long-range experiment with fluoridated water and that Grand Rapids was selected as the location for the experiment. The city commission approves a motion to fluoridate on July 31, and decide it is to begin in January 1945, despite the warning issued three months earlier by the American Dental Association. Grand Rapids becomes the first city in the United States to conduct this experiment. It was to serve as the test city to be compared against non-fluoridated Muskegon for a period of ten years relative to tooth decay, at which time it would be determined whether or not **fluoride was "safe and effective**." Dr. H. Trendley Dean was put in charge of the project. The experiment was terminated early with the pronouncement that fluoride in public water supplies was "safe."

1944 Oscar **Ewing is put on the payroll of the Aluminum Company of America (ALCOA),** as an attorney, at an annual salary of $750,000. Within a few months, Ewing was made Federal Security Administrator, with the announcement that he was taking a big cut in salary. The U.S. Public Health Service, then a division of the FSA, comes under the command of Ewing, and **he begins to vigorously promote fluoridation nationwide.** Ref: May 25-27 Hearings before the Committee on Interstate and Foreign Commerce. A by-product of aluminum manufacture is toxic sodium fluoride. Ewing's public relations strategist for the fluoride campaign was the nephew of Sigmund Freud, Edward L. Bernays. Bernays conducts a public relations campaign to promote fluorine ingestion by applying Freudian theory to induce public acceptance. It was one of Bernays' most successful campaigns.

1944 Health Practitioners Journal, June 1944, reports Dr. S. S. Goldwater, the New York Commissioner of Hospitals states **"as a result of the drugs, vaccines, and other suppressive treatments used to check diseases, chronic diseases are growing at such a rate that America may become a nation of invalids."**

1944 The Journal of the **American Dental Association** on October 1, 1944 warned that **"We do know that the use of drinking water containing as little as 1.2 to 3.0 ppm of fluorine will cause such developmental disturbances in bones as osteoporosis,** and we cannot run the risk of producing such systemic disturbances in applying what at present is a doubtful procedure intended to prevent development of dental disfigurement in children. In the light of our present knowledge or lack of knowledge of the chemistry of the subject, **the potentialities for harm far outweigh those for good."**

1944 The **American Cancer Society** (ACS) is reorganized, chiefly under the wing of Albert Lasker (an advertising tycoon), Elmer Bobst (president of **two drug companies,** Hoffman **LaRoche** and Warner **Lambert**). Mary Lasker in New York was the driving force of the ACS for decades. **The Albert and Mary Lasker Foundation, which is based on the Lasker advertising fortune, provides the impetus to dominate cancer research.**

1944 Lancet, official journal of the British Medical Association, comments that neuritis is commonly precipitated by tetanus anti-toxin. (Oct. 7, 1944).

1945 After being awarded the Legion of Merit for establishing chemical warfare labs in Maryland, Utah, and Panama, Cornelius Rhoads is appointed to the staff of the Atomic Energy Commission, which at that time was carrying out radiation experiments on unwitting prisoners, hospital patients, and soldiers.

1945-1952 I. G. Farben split into **BASF, Baye**r, and Hoechst.

1945 Newburgh, New York, has their **water supply fluoridated.** Subsequent exams of the children by x-ray reveal that almost **14% have cortical defects in bone,** compared to the nearby non-fluoridated town of Kingston, where 7.5% have bone defects.

1945 As a result of government **propaganda on fluorides**, the ten-year Michigan study was terminated after 1 year. The fluoride-free control city, Muskegon, was then fluoridated to conceal any differential between the two cities.

1945 Japan surrenders twice, followed by U.S. bombing of Hiroshima/Nagasaki and a third and final surrender. The Allies mandate compulsory vaccination in Japan**. The first cases of autism follow pertussis vaccine introduction.**

1945 Postwar nitrate supplies designated to be **added to food chain** as fertilizer.

1945 Lancet, the official journal of the British Medical Association, features an article on "Sterilization of the Insane in the U.S.A." According to the article, based on information in the Journal of the American Medical Association, over 42,000 people were sterilized in the U.S. between 1941 and 1943. California led the pack with over 10,000.

1946 Werne and Garrow describe the **deaths of identical twins within 24 hours of their second Pertussis shot.**

1946 Dr. Gerson demonstrates **medical proof of complete remissions of cancer** in over 33% of his patients before the Pepper-Neeley Congressional Sub-Committee for Hearings on S1875, a bill to authorize the president to wage war on cancer. **Lobbying forces for surgery, radiation, and chemotherapy defeat the bill by four votes.** The bill supported research into dietary means for preventing and reversing cancer. **Gerson's publications were black-listed, and he lost his license to practice medicine in New York.**

1946 John D. Rockefeller, Jr. donates $8 million to U.N. for a site in New York.

1947 Matthew Brody at the Brooklyn Hospital gives detailed descriptions of **two cases of brain damage leading to death in children receiving Pertussis shots.**

1947 Charles Posner of the Harvard Medical School Department of Neurology writes, **"almost any vaccination can lead to noninfectious inflammatory reaction involving the nervous system. The common denominator consists of vascularity that is often associated with demyelination." (demyelination is the stripping of the insulation away from the nerves).**

NOTE: This is what happens with Autism.

1947 The British Medical Research Council begins testing 50,000 children in Britain with the Pertussis vaccine. All children tested are more than 14 months old (not newborns). Eight infants had convulsions within 72 hours of the shot, 34 had convulsions within 28 days of the shot. British doctors denied a connection between the vaccine and the convulsions, declaring the tests a success and began administering it to all British children. Despite the Fact that **none of the tests were conducted on children under 14 months old (newborns and babies),** the United States holds the tests in evidence that the vaccine is safe for newborns as young as 6 weeks of age. The testing would continue until 1957.

1948 Randolph K. Byers and Frederick C. Moll of the Harvard Medical School publish an article describing **children who had suffered brain damage after receiving Pertussis vaccine.** The findings provided **the first clear evidence that the vaccine caused the serious neurological complications in children.**
1948 Study done in England where bone defects in three groups of school boys were studied. Two groups were from districts where the water supply was practically free of fluorine. The third group was from the town of Launton, where the natural water supply contains 1 ppm of fluorine (the same as the level deemed "safe" by the U.S. Public Health Service). X-ray examination revealed that 20 percent of the first two groups had mild non-specific spinal irregularities. In the third group, the one consuming 1 ppm fluoride in their water, **64% were found to have spinal defects, and lesions were more severe.**

1948 Randolph Byes and Frederick Moll of **Harvard Medical School validate that severe neurological disorders follow the administration of DPT vaccine.** The research was performed at Children's Hospital in Boston and published in Pediatrics magazine. **Nothing was done by physicians to halt the use of DPT vaccine.**

1948 A study on Pertussis vaccine reaction is done by Randolph K. Byers and Frederick C. Moll of the Harvard Medical School. They examine 15 children who had reacted violently within 72 hours of a Pertussis vaccination. **All the children were normal before** the shot. None had ever had a convulsion before. One of the children became blind, deaf, spastic, and helpless after being given the Pertussis shot. **Out of the 15 children, two died and nine suffered from damage to their nervous system.** Physicians were displeased by these results.

1948 Value of television as mass control medium realized.

1948 Oscar Ewing convenes National Health Convention to **enroll U.S. in WHO.**

1948 England bans smallpox vaccine.

1948 The Rockefeller milk trust sells frozen products and **pasteurized milk** in North Carolina, closely allied with the Coca Cola company which sells large quantities of carbonated soft drinks.

1948 In North Carolina, Dr. Benjamin P. **Sandler** reveals that **sugar and starches lower the blood sugar level, producing hypoglycemia, and that soda pop (recently introduced**) contains phosphoric acid that absorbs phosphorus and sulfates in food before natural metabolism can get it to the nervous system,

causing the nerve trunks to fail to function properly. **Sandler says that dairy products and sugared soft drinks are aggravating the incidence of polio.**

1948 Polio cases in North Carolina number 2,498.

1948 Louis Sauer makes an interesting observation at an AMA meeting where **Pertussis vaccination** was discussed. Louis Sauer points out that **"the neurological damage caused by Pertussis vaccine is the same as the damage caused by Pertussis (whooping cough)."** (Which is logical, because they use the bacteria in the vaccine.) According to Sauer, **"a customary prophylactic dose of Pertussis vaccine seems to illicit a chain of nervous system reactions and in some cases irreversible pathological changes in the brain.** These findings resemble those encountered in cases of severe whooping cough (Pertussis)." In other words, the vaccine is causing the disease condition.

1949 Egas Moniz, the **first lobotomist, receives Nobel Prize** for Medicine in recognition for his "discovery."

1949 AMA Council of Pharmacy and Chemistry goes on record to **deny that dietary changes could have anything to do with prevention or treatment of cancer. Why? $$$$$$?**

1949 Central Intelligence Act exempts CIA from disclosure laws.

NOTE: So, the CIA has a license to do everything secretly!

1949 U.S. Public Health Service Division of Biologics Standards establishes a national potency test for Pertussis vaccine and modifies it in **1953** to establish potency limits. Despite this, the **Pertussis vaccine that is pronounced "safe" still causes minimal brain damage (MBD) in humans.**

1949 U.S. Army begins 20-year period of simulated germ warfare attacks on American cities, conducting **239 open air tests with biological agents.**

1950 The U.S. Navy sprays a cloud of bacteria over San Francisco in a biological warfare experiment conducted on the American public. **Many residents came down with a pneumonia-like disease and one person died because of it.**

1950 U.S. Army "simulated" germ warfare in San Francisco and in the Pentagon.

1950 Paul **Warburg** declares before the U.S. Senate **"we shall have world government whether you like it or not, if not by consent by conquest."**

1951 Krilium developed from **acrylo nitrile** for use in **fertilization.**

1951 Theiler wins Nobel for work on yellow fever vaccine. (Nobel Brother pharmaceutical friends up to something?)

1951 The U.S. Public Health Service, with the cooperation of the American Dental Association, holds a meeting of state dental directors at which t**he methods for promotion of fluoridation were outlined**.

Thus, the U.S. PHS formed an alliance with medical trade unions and industry to promote the addition of **toxic fluorides to the public** water supplies. A concentration of 1.2 ppm was suggested,

1951 Approximately 400,000 pounds of penicillin and 350,000 pounds of streptomycin produced in the United States.

1952 John Foster **Dulles** and John D. **Rockefeller** III set up **the Population Council.** The **American Eugenics Society** moves from its headquarters at Yale University to the Population Council offices. Frederick Osborne, former **head of the Eugenics Society, becomes president.**

1952 The American Dental Association publishes an issue of its Journal instructing its dentists not to discuss their personal opinions about fluoride.

1952 Albert Lasker, who manages the ACS, dies. Mary **Lasker** lobbies Congress for funds "**to fight cancer,**" and the National Cancer Institute Budget goes from $18 million per year to $110 million per year – half involved with **the chemotherapy paradigm**. Mary would also begin to plan the looting of the U.S. Treasury for the **"cancer program."**

1952 Cornelius **Rhoads,** who had been chief medical officer of the U.S. Army's Chemical Warfare Division, is head of the Memorial Sloan-Kettering **Cancer Center in New York.**

1952 From **1952 to 1956**, the cities on the **"fluoridation list"** began to fluoridate their water supplies. As the process of water fluoridation continued, **the cancer death rate of the fluoridated cities began to far exceed the rate of the non-fluoridated cities.**

1952 U.S. Representative Dr. A. L. **Miller**, Chairman of the Special Committee on Chemicals and Foods, stated, **"I sometimes wonder if ALCOA Aluminum and its subsidiaries might not have a deep interest in getting rid of sodium fluoride, a toxic waste product of the aluminum industry. In this connection it is interesting to note that the person in charge of the public heath, Oscar Ewing, is also an attorney for ALCOA."**

1952 Contraceptive birth control pill using phosphorated hesperidin produced.

1952 82nd Congress, 2nd Session, Hearings of the Select Committee to Investigate Use of Chemicals in Food and Cosmetics. Dr. Miller "The U.S. Dental Association made some examination and recommended to the farmers that **fluorine not be added to the water of pregnant sows because it did something to the pigs that were unborn**" Dr. Porterfield, **"There is more money available for matters that have economic value than there is for health."**

1952 Formulation of the polio vaccine begins. Tens of millions of doses of polio vaccines produced from virus grown in monkey cells infected with SV-40 (Simian Virus #40). Scientists perform experiments in laboratories to determine the correct doses of antigen and supplementary chemicals to use in the polio vaccine. **(Ironically, since the scientific premise of vaccination is faulty, a "correct dose of antigen and chemicals" does not exist).**

1952 Canadian government and U.S.A.F. cooperate in **biological experiments in Canada.**

1952 A two-year program ending in 1953 begins where the U.S. government conducts biological warfare experiments over Canada (Winnipeg, Manitoba) and the U.S. (St. Louis, Minneapolis, Fort Wayne, Leesburg, and the Monocacy River Valley in Maryland. **A military report noted respiratory problems.**

1953 In the United States, Senator Charles Tobey begins a Senate investigation into the cancer industry.

U.S. Justice Department attorney Ben Fitzgerald is hired as special counsel. Fitzgerald's report concluded that "the AME, in direct collaboration with the National Cancer Institute and the Federal Drug Administration, entered into a conspiracy to suppress alternative, effective cancer treatments." Said Fitzgerald, "if radiation, surgery and drugs are the complete answer, then the greatest hoax of the age is being perpetrated upon the people by the continued appeal for funds for further research." **Senator Tobey is dispatched with a convenient "heart attack,"** as has happened to others who threaten the cancer industry. Tobey's replacement, Senator John Bricker, orders Fitzgerald to stop the investigation. **Fitzgerald refuses and is fired. The investigation is halted and buried.**

1953 At the University of Zurich, Dr. S. Kong of the Pediatric Clinic compiles a list of **82 cases of Pertussis vaccine damage** from world literature.

1953 Senator Charles Tobey, Jr. enters an investigative report into the Congressional Record (Fitzgerald Report) which indicated that evidence existed of a conspiracy to suppress medical advances in the treatment of cancer in the 1950's.

1953 Pertussis vaccinations in France, Chile, Austria, Holland and the Scandinavian countries are **positively correlated with cases of autism.** U.S. ignores data.

1953 The Swedish conduct a study on the **Pertussis vaccine.** Anna L. Annell, a Swedish researcher, writes a major work on Pertussis which indicates that **"pertussis vaccine may be associated with the most varying kinds of cerebral complications** which may be cortical, subcortical, or peripheral." Encephalitis after vaccination is known to produce the same range of disabilities and impairment. Annell also wrote, "during the past few decades certain of the epidemic children's disease, measles in particular, have **shown an increased tendency to attack the central nervous system.** After the 1920's many cases involving CNS damage were reported."

1954 Smith, Kline, and French puts **Thorazine** on the market. By 1975, doctors would write **200,000,000 prescriptions annually** for psychotropic drugs for people not hospitalized.

1954 Salk vaccine begins to be given to school children in Philadelphia.

1954 Parke-Davis pharmaceutical company combines the **DPT shot with Polio vaccine.** The new combination of four vaccines is called Quadrigen.

1954 Nobel Prize to Enders & Robbins for work on polio virus.

1954 A study is published which **links fluorides and the development of cancer in animals.** Ref: A Taylor, "Sodium Fluoride in the Drinking Water of Mice," Dental Digest, Vol. 60, pp170-172.

1954 Mass introduction of **sugared soft drinks** in the United States.

1954 General vaccination programs against Polio begin in the United States.

1958 Dr. A. Aslander in Stockholm in 1958 (Tooth Formation in the Light of Plant Nutrition) that indicates that food supplementation with bone meal has a most profound decay protective effect in children.

1958 World literature now contains 107 cases of severe reaction to Pertussis vaccine (93 of those cases were in the U.S.). At the Fountain Hospital in London, Dr. J.M. Berg analyzed the 107 cases and found that 31 of them showed signs of permanent brain damage. Berg calls attention to the danger of mental retardation as an effect of the Pertussis vaccine and emphasizes that **"any suggestion of a neurological reaction to a Pertussis vaccination should be an absolute contraindication to further inoculation."** The United States medical establishment ignores and suppress the data. American physicians maintain that the damage caused is small compared to "lack of 'serious' reactions in children vaccinated." No data has ever been found to justify a basis for this conclusion.

1958 Verdict of $147,000 rendered against Cutter Laboratories in California for the **crippling of two children with the Salk polio vaccine.** Cutter Labs was the only vaccine manufacturer not part of the **Rockefeller** Trust.

1958 In October 1958, **Dr. J.F. Montague**, a medical doctor, published material reflecting his growing concern over fluoridation in the Journal of the International College of Surgeons **connecting the presence of fluorine in the human body to cancer.** Also, in 1958, an interesting piece of work was done by Dr. James Kerwin, a dentist, in which it was shown that the simultaneous presence of fluorine and strontium 90 in the human body may result in a greater accumulation of both substances in which **compounds like strontium fluoride are formed.** Because of the low solubility of these substances, the body has a very hard time getting rid of them. His report was published in Dental Digest in February 1958.

1958 Delaney Act on **Food Additives** Enacted into law.

1958 Time magazine reports that a Harvard biochemist and his assistants had been working for 10 years, bankrolled by the **Sugar Research Foundation, to discover a way to prevent sugar causing dental decay. No remedy found.**

1958 Food and Drug Act of 1958 took up use of **irradiation, defined as "additive."**

1958 Outgoing President of the Gerontological Society, Dr. A. Lansing, muses **"finding a cure for cancer and heart disease would be a major financial disaster which would bankrupt the social security system and the insurance companies**." Prevention, J.L. Rodale, 11/1961.

1959 In the report of the proceedings of the 3rd **Medical-Dental Conference on the Evaluation of Fluoridation,** held on March 7, 1959, in New York City, the committee concluded that "**It is apparent that the practice of fluoridation is not the simple, trustworthy procedure that the promoting authorities have given the profession and the public to believe."** Added to the lack of control of fluorides at the consumer's tap are these major uncertainties: the gross variation in individual water consumption, the varied intake of fluorides in food and the fluoride intake from atmospheric and occupational exposure. These unpredictable issues make meaningless any talk about "controlled individual fluorine intake." Most, if not all this research has been **buried by the authorities, who maintain glibly that "fluoride compounds are safe in the water supply."**

1959 The **United States never conducts its own clinical trials on Pertussis vaccine,** but instead relies (as it still does today) on data collected by Britain's Medical Research Council in clinical trials in England in the 1950's for "proof of vaccine safety and effectiveness in newborns and children." Interestingly, Britain's trials on 50,000 British children were performed on children more than 14 months old. None of the children were newborns.1959 National Institutes of Health (NIH) approves licensing of Quadrigen vaccine for children, containing Pertussis, Diphtheria, Tetanus, and Polio vaccines. **The new combination vaccine was found to be highly reactive and was withdrawn from the market in 1968 after parents started filing lawsuits against Parke-Davis for vaccine damaged children.**

1959 Fluorides were used as an enzyme inhibitor in a study by J.D. Ebert that was published in 1959 on the metabolic pathways by which organs in an embryo are formed. In low concentrations, he found that sodium fluoride blocked almost completely the regions destined to form muscle, primarily affecting the heart muscle. **In higher concentrations, it caused the entire embryo to disintegrate in a clear-cut pattern, starting with the heart-forming region.**

1959 As early as 1959, the knowledge existed that the presence of **fluoride in human bodies hastens the absorption of radioactive substances present in the environment.** In a report to the Atomic Energy Commission's Division of Biology and Medicine entitled "The Metabolism of Alkaline Earth Metals by Bone" by F.W. Lengemann, professor of chemistry at the University of Tennessee on March 23, 1959, it was scientifically shown that **the presence of fluorine and other environmental substances such as lead and cyanide in the human body increased the ratio of strontium 90 to calcium in bone.**

1959 Dr. Albert **Sabin develops oral live virus polio vaccination.**

1959 In 1959, the Ontario Minister of Health, Dr. Dymond, announced that no further fluoridation would be permitted there, because **"no one knows for sure what the effect is to persons given fluoride throughout a lifetime."**

1959 In research conducted on the **incidence of Mongolism** in cities in Wisconsin, Illinois, and the Dakotas published in 1959 in the official publication of the French Academy of Medicine, it was found that as **the percentage of fluorides** in the water rose, there was a parallel rise in the incidence of Mongoloid births the age of the mothers giving birth to Mongoloid babies also declined with rising fluoride levels. It is interesting that in the first three years of fluoridation, New Britain, Connecticut, experienced a **150% rise in still births.**

1959 Pertussis vaccine found to have allergenic effect on animals.

1960 British Medical Journal publishes an article by Swedish vaccine researcher Justus Strom, who stated that the neurological complications from the disease Pertussis are less than that in the Pertussis vaccine. Strom also pointed out that **"whooping cough (Pertussis) had changed and had become a milder disease, making it questionable whether universal vaccination against it is justified."**

1960 General **vaccination program for measles** begins in the United States.

1960 In 1960, the American Dental Association issued a pamphlet for public consumption called Fluoridation Facts: Answers to Criticisms of Fluoridation. In defense of the use of toxic fluoride compounds in public water supplies (which is a grievous crime against humanity, since it means mandated involuntary public medication), they used the logic that **"people have been known to live to a ripe old age" in areas where the water supply is fluoridated.** Unfortunately, they neglected to mention that the addition of fluoride to the water supply correlated **directly with the number of still births, mongoloid children, brittle teeth, and enlarged dental root structures, adverse spinal conditions, osteomalacia (softening of the bones), and osteoporosis (abnormally porous and spaced structure inside bone) in the medicated population as opposed to control populations that were unmedicated.**

1960 Nobel Prize to Burnet & Medawar for discovery of acquired immunity against foreign tissue.

1960 A study is done in Japan that involved examination of fluoride deposition in the fetuses of dogs. It was found that the quantity of **deposited fluorine was especially large in bones, largest in the cranial bone as well as the lower leg bone**. The quantity of fluorine deposition was parallel with the progression of the calcification. They also proved that the **deposit of fluorine on teeth and bones starts through the placenta** as early as the embryo period, and then takes place through the mother's milk through the infancy period, and through food, as well as directly through the inside of the oral cavity. As fluorine is a known active enzyme poison, it is known to affect cell division (mitotic) in the fetus, resulting in anatomical anomalies (teratism).
NOTE: It's NOT genetics or germs but Toxins!

1960 It is estimated in 1960 that over **1,000,000 children have vaccine-caused disabilities,** including learning difficulties and school behavioral problems, behavioral disturbances, allergies, speech difficulties, visual problems, and problems in adjustment and coping.

1961 A senior school medical officer in northern England, J. M. Hooper, finds that parents are beginning to refuse to bring children for a Pertussis booster shot, based on earlier violent reaction to the "vaccination." **Children were suffering from collapse, vomiting, and uncontrollable screaming.** No one paid attention to these warnings.

1961 In Great Britain, Dr. R.A. Holman of the Royal Institute of Pathology discussed **fluoride poisoning** in an article in the April 15, 1961 issue of the British Medical Journal. He noted that the long-term effects of sodium fluoride ingestion needed much more investigation, and continued, **"Fluoride is a well-known inhibitor of several enzyme systems and** can form spectroscopically recognizable compounds with the enzyme catalase, resulting in its inhibition." **Catalase poisoning has been linked**

with the development of viruses and the causation of a number of diseases, including cancer. Many observers have suggested that the agents (fluorides and other toxic environmental substances) which decrease the catalase the cells may predispose those cells to tumor formation. Voisin has said, "the method most likely to solve the problem of cancer is to ask why the cancer cell is lacking in catalase and try to prevent its impoverishment from taking place."

1961 According to the report from **Iron Mountain, "poisoning of the air, and of the principle sources of food and water supply, is already well advanced, and at first glance would seem promising in this respect. It will be a generation to a generation and a half before environmental pollution will be sufficiently menacing to offer a possible basis for a solution."**

1961 Sabin polio vaccine immunization campaign.

1967 The FDA stops the use of an experimental cancer vaccine which was producing significant results. (Developed by James Rand and Ernest Ayre, a recognized cancer specialist.) The Rand vaccine produced significant improvement in terminal patients in over 30% of patients. **It cured tumors and breast cancer in four to six months, without radiation, surgery, or chemotherapy.** The FDA Commissioner was James L. Goddard, the same man who persecuted the use of DMSO. Goddard used **the DMSO issue in 1966** in an attempt to foster a medical dictatorship in the U.S. in collusion with the medical and pharmaceutical industries and remove viable treatments from public access.

1967 At the Bland-Sutton Institute of Middlesex Hospital in London, George Dick writes, "it has been long known that increasing the number of Pertussis bacteria per dose of vaccine increases the frequency of reactions. It would be surprising if decreasing the size of the infants receiving a particular vaccine did not also increase the reactions" – a violation of a standard axiom in medicine, which matches the size and weight to an amount of substance. **(Why are newborns getting the same dosage as an adult?)**

1967 Justus Strom writes that his earlier article about Pertussis reaction in a 1960 issue of the British Medical Journal (See 1960) had aroused considerable attention and criticism, noting, **"the vaccination reactions may be regarded chiefly as manifestations of a toxic effect** – an individual predisposition of some significance." Strom reports on 167 cases of severe reactions to the DPT shot in Sweden.

1967 Killed **measles vaccine is discontinued** in the United States.

1967 General **vaccination program for Mumps** begins in the United States.

1967 AMA receives 43% of income from drug advertisements – $13.6 million.

1967 Science magazine (10/20/67) features article on Joshua Lederberg of the Department of Genetics, Stanford University School of Medicine. Lederberg notifies the scientific world that **"live viruses (as in vaccines) are genetic messages used for the purpose of programming human cells" and "we already practice biological engineering on a rather large scale by use of live viruses in mass immunization campaigns."**

1967 AMA forces Veterans Administration to **refuse chiropractic service payments.**

1968 Rockefeller monopoly moves to back food irradiation process on national level

1968 Vietnamese are given U.S. supplied processed rice (with B-complex removed) and tons of sugar. Induces **mass disease in Vietnamese.** Processed rice was given to replace healthy whole rice diet with unhealthy western diet.

1969 Diphtheria outbreak in Chicago. The Chicago Board of Heath reports that **37.5% of the Diphtheria cases had been fully vaccinated or showed immunity.**
1969 Neurologically defective 4 and 5-year olds begin to appear.

1969 A Congressional study reveals that **37 of 49 top officials of the FDA who left the agency moved into high positions within pharmaceutical companies they had regulated.**

1969 By 1969, the fluoridated cities had an average cancer death rate of 225 per 100,000 people, while non-fluoridated cities had an average cancer death rate of 195 per 100,000. The data indicates a fluoride-linked increase of cancer of 10% in only 13-17 years. These figures were checked and confirmed in 1979 by the United States National Cancer Institute. The increase in cancer death observed in **fluoridated cities occurred primarily in people ages 45 and over; this fact is explainable because both the immune system and the normal DNA repair process (the two major defense systems against cancer) decline with age.**

1969 California governor **Ronald Reagan** institutes a special training project at the National Guard Camp in San Luis Obispo, California, to train leaders in **population control.** By 1979, 14,000 people would be trained in this population control seminar.

1969 Melchior describes **22 children in which there was a close temporal connection between various vaccinations, especially Pertussis, and infantile spasms.** (Melchior, J.H. 1980, Textbook of Child Neurology, 1990 Textbook of Child Neurology, 1990 Workshop on neurological complications of Pertussis and Pertussis vaccination.)

1969 Part of the grounds at **Fort Dietrich Biological Warfare Laboratory** renamed the Frederick Cancer Research Facility and given to the **National Cancer Institute** for "civilian medical research." By 1971, funding had tripled.

1969 U.S. Department of Defense sought funds from Congress to create a synthetic biological agent that does not naturally exist and for which no natural immunity could have been acquired. Funds granted in 1970 Appropriations.

NOTE: They just described AIDS!

1969 Richard Nixon orders a "ban" on **chemical and biological weapons.** After the "ban," the Army Biological Warfare Laboratory at **Fort Detrick is renamed "The Frederick Cancer Research Institute"** and turned over to the National Cancer Institute for civilian use. The military section is later renamed the "U.S. Army Medical Research Institute for Infectious Disease" (U.S.AMRIID), which is "restricted to defensive research." By 1971, the budget of the FCRI would triple. (See 1983, FCRI.)

1970 G.A. Rosenberg writes, "an autoimmune allergic mechanism has been postulated as the cause of the occurrence of **post-vaccination encephalitis,** possibly with an initial invasion of the nervous system by a virus, with subsequent antigen-antibody reaction." If this line of research is followed up, the interrelation will doubtless be substantiated. (Ref: immunizations).

1970 Due to the increasingly mild nature of whooping cough (Pertussis), infant deaths cease from naturally acquired Pertussis in Sweden. Deaths associated with vaccine continue. **Sweden stops Pertussis vaccination in 1970.**

1970 U.S. Dept. of Health, Education, and Welfare (HEW) reports "as much as 26% of children receiving rubella **(German measles) vaccination in national testing programs developed arthralgia and arthritis**. Many had to seek medical attention, and some were hospitalized."

1970 A study by Pittman reveals **Pertussis vaccine can induce hypoglycemia due to increased production of insulin.** (Ref: DPT shots.) Study is corroborated in 1978 by Hannick and Cohen and by Hennessen and Quast in West Germany. **Result: Pertussis and DPT vaccines can cause diabetes.**

NOTE: Childhood diabetes?

1970 FDA Commissioner Dr. Herbert Ley blows the whistle on the FDA and its corrupt relationship with the medical and pharmaceutical cartels. It is ignored by an intimidated government. Ley is forced out and replaced.

1971 Saccharin removed from FDA GRAS (Generally Recognized As Safe) list.

1971 The incidence of **asthma in children begins a significant increase.**

1971 A study by Stella and Chess reveals that **children with congenital rubella (German measles) frequently display classic autistic features, including impaired ability to relate new stimuli to remembered experience.**

1971 The American Cancer Society decides that screening women for breast cancer was a good idea. (See 1974.) **(Note: "Screening" = Radiation that causes cancer)** 1971 Pentagon Papers published.

1971 Dr. H. J. Roberts publishes results of a comprehensive national study of traffic accidents. Roberts concludes that a "significant source" of many unexplainable accidents is that **"millions of American drivers are subject to pathological drowsiness and hypoglycemia due to functional hyperinsulinism."**

1972 Dr. Dean Burk of the National Cancer Institute declares in a letter to a member of Congress that high officials of the **FDA, AMA, ACS and U.S. Department of Health, Education, and Welfare (now HHS) were deliberately falsifying data and information,** lying, committing unconstitutional acts and in other ways thwarting potential cures to which they were opposed. (Letter to Congressman Louis Frey Jr. also dealt with the issue of **laetrile,** a non-patentable [natural] product opposed by the California Medical Association, who only sanctions the use of dangerous or toxic treatment for cancer. Burk openly refers to FDA corruption.)

1972 WHO Bulletin No.47 refers to creation of an immune virus (see 1969) and suggests that a useful way to study the effects would be "to put it into a vaccination program and observe the results." **It is theorized that WHO used the smallpox vaccination program in Central Africa for this study, since the spread of HIV infection coincides precisely with the most intense and recent smallpox vaccination campaigns. Information on the Central African countries most infected with HIV precisely matches WHO figures indicating the number of people vaccinated in these areas. The virus requested would selectively destroy the T-cell system.** (1972 Federation Proceedings of WHO.)

1972 New York State Department of Agriculture determines that 30% of organic food is contaminated with pesticides, as compared with 25% in regular foods. Journal of the American Medical Association v230, Oct. 14, 1974, "The Organic Food Myth."

1972 British Journal of Psychiatry #120 reveals that **"psychotic disorders may be caused by viral infections." (Ref: viruses induced by vaccines.)**

1975 The British medical journal Lancet reports on a study which compared the effect on cancer patients of chemotherapy or no treatment at all. **No treatment proved significantly better policy for patient survival and quality of life.**

1975 Federal Drug Administration Bureau of Biologics concludes that Diphtheria toxoid (vaccine) is **"not as effective an immunizing agent as might be anticipated.**" They admit that Diphtheria may occur in vaccinated people and note that **"the permanence of immunity induced by the toxoid is open to question."**

1975 Japan stops using Pertussis vaccine following publicity about vaccine-related deaths.

1975 Dr. John Yiamouyiannis publishes a preliminary survey which shows that **people in fluoridated areas have a higher cancer death rate than those in non-fluoridated areas.** The National Cancer Institute attempts to refute the studies. Later in 1975, Yiamouyiannis joins with Dr. Dean Burk, chief chemist of the National Cancer Institute (1939-1974) in performing other studies which are then included in the Congressional Record by Congressman Delaney, who was the original author of the Delaney Amendment, which prohibited the addition of cancer-causing substances to food used for human consumption. Both reports confirmed the existence of a link between fluoridation and cancer. **(Note: Obviously Dr. Burk felt free to agree with scientific truth only after his tenure at NCI ended, since his job depended on towing the party line).**

1975 787,000 women are subjected to hysterectomies. 1,700 die as a result.

1975 Searle company drugs Adactone and Flagyl found to cause cancer in mice.

1976 FDA Pertussis vaccine specialist Charles Manclark comments, "**Pertussis vaccine is one of the most troublesome products to produce and assay.** It has one of the highest failure rates of all products submitted to the Bureau of Biologics for testing and release. Approximately 15-20% of all lots which pass manufacturer tests fail to pass the tests of the Bureau."

1976 Scientists “discover viral cause” of multiple sclerosis.

1976 The “swine flu” scare and Legionnaires disease.

1976 Dr. Robert Simpson of Rutgers University addresses science writers at a seminar of the American Cancer Society, pointing out, “…**immunization programs against flu, measles, mumps, polio, etc. May actually be seeding humans with RNA** to form latent proviruses in cells throughout the body. These latent proviruses could be molecules in search of diseases, including **rheumatoid arthritis, multiple sclerosis, systemic lupus erythematosus, Parkinson’s disease, and perhaps cancer.”** According to Dr. Wendell Winters, a UCLA virologist who also attended the seminar, “immunizations may cause changes in the slow viruses and changes in the mechanism of DNA. This is being studied by Dr. Robert Hutchinson at the University of Tennessee.”

1976 Dr. Jonas Salk, creator of the polio vaccine, says that analysis indicates that the live virus vaccine in use since the 1960's is the principle, if not sole cause of all polio cases since 1961.

NOTE: Salk admits it! Where is the public outcry? They own the media!

1976 More than 500 people receiving flu vaccinations become paralyzed with Guillain-Barre Syndrome.
Note: I was one of the ones whose vocal cord was paralyzed!

1976 Dr. D. W. Allman and co-workers from Indiana University School of Medicine **feed animals 1 part-per-million (ppm) fluoride** and notice the urinary levels and tissue levels of a substance called cyclic AMP (adenosine monophosphate) increased by more than 100%. They also found that in the presence of aluminum in a concentration as small as 20 parts per billion, fluoride can cause an even larger increase in cyclic AMP levels. Cyclic AMP **inhibits the migration rate of white blood cells, as well as the ability of the white blood cell to destroy pathogenic organisms.** Ref: Journal of Dental Research, Vol. 55, Sup B, p523, 1976, “Effect of Inorganic Fluoride Salts on Urine and Tissue Cyclic AMP Concentration in Vivo.” **(Note: It is no small accident that toothpaste tubes containing fluoride are often made of aluminum, nor is it an accident that aluminum cookware and fluoride use were injected into the population virtually simultaneously.)**

1976 After declining steadily since 1922, cases of **Pertussis (whooping cough) suddenly begin to rise significantly between 1976 and 1980, during the same time vaccination for Pertussis was increased.** The number of reported cases has risen each year since 1977. Reasons are said to be “unclear” why school age children make up the bulk of the cases.

1976 West Germany ends its mass Pertussis immunization program

1977 Cancer Blackout 1977. **Otto Warburg,** Nobel Laureate in Medicine: **“Cancer ... there is no disease whose prime cause is better known...in the meantime millions of men must die unnecessarily.”**

1977 The Congressional Subcommittee on Intergovernmental Relations convenes two full Congressional Hearings on the **subject of fluorides.** During the hearing, it was proven that **(1) The “scientific efforts” of those promoting fluoridation were fraudulent, and (2) That other existing**

studies proved beyond a doubt that approximately 10,000 excess cancer deaths per year could be attributed to fluoridation in the United States.

1977 Congressional representative L. H. Fountain, chairman of the 1977 Sub-Committee Hearings on Fluoride, states that **"the carcinogenic nature of fluoride remains unanswered"** and orders the U. S. Public Health Service (U.S. PHS - who is in on the fluoride conspiracy anyway) "to conduct animal studies to see if fluoride causes cancer." Dr. Herman Kraybill, from the National Cancer Institute (who in 1972 had been chosen by NCI to write a memo saying that fluorides do not cause cancer) was placed in charge of these studies. Kraybill boldly states, **"this will be the final study to confirm negativity of fluoride ions in carcinogenesis."** He cites 13 studies having nothing to do with the subject of fluorides and cancer in order to support his claim that "no link between fluorides and cancer existed." (NCI Director Dr. Arthur Upton later admitted **the 13 studies had nothing to do with the subject of the study.)**

1977 The University of Glasgow in Scotland, Department of Community Medicine, Dr. Gordon Stuart, publishes a study analyzing 160 cases of adverse reaction and neurotoxicity following DPT vaccination. In 65 of those cases, reactions to **DPT shots included convulsions, hyperactivity, and severe mental defect.** In a stern statement, Stuart says, **"it seems likely that most adverse reactions are unreported and/or overlooked."**

1977 The British government conducts the National Childhood Encephalopathy Study (NCES) which **tests the connection between vaccinations and neurological disease.**

1977 In 1977, Congressional Hearings were held in which Dr. Yiamouyiannis and Dr. Burk were able to show that **the increase in deaths was due to water fluoridation.** At the conclusion of the hearings, Representative Fountain and his committee instructed the United States Public Health Service (well known by now for questionable and dangerous medical advisory practices which benefit the medical and pharmaceutical industries) to conduct animal studies to "determine whether or not fluoride causes cancer." As a result, the U.S.PHS retained Battelle Memorial Institute (also well known for NWO technical activities and is considered by many to be part of the cancer cover-up) to perform a study on mice and rats – unfortunately rodent physiology differs considerably from humans, making the transfer of data between species relatively meaningless.

1980 U. S. Supreme Court rules that microbes can be patented.

1980 British ICI chemical creates animal food from micro-organisms.

1980 Conference of the National Society for Autistic Children. A speaker at the conference noted, **"Autism is not a specific disorder**. We are really talking about a spectrum." Individuals can have totally different patterns of symptoms, yet both can be diagnosed as autistic.

1980 Estimated **2 million American children with vaccine-caused disabilities.**

1980 National Abortion Federation calls for **aborting pregnancies of teens in the U. S.**

1980 Issue of Mutation Research shows that children re-vaccinated against smallpox had "chromosomal aberrations in their white blood cells," leading to the conclusion that **smallpox vaccination is mutagenic.**

1981 Drs. Susheela and Sharma and coworkers from the India Institute of Medical Sciences find that **fluoride exposure disrupts the synthesis of collagen in the body and leads to the breakdown of collagen in bone, tendon, muscle, skin cartilage, lung, kidney, and trachea.** It appears that fluoride disruption of collagen synthesis in cells responsible for laying down collagen leads these cells to try and compensate for their inability to put out intact collagen by producing larger quantities of imperfect collagen and/or non-collagenous protein. Ref: "Fluoride poisoning and the Effects of Collagen Biosynthesis of Osseous and Non-Osseous Tissue," Toxicological European Research, Vol. 3, No.2, pp99-104, 1981.

1981 Dr. John Emsley and co-workers at King's College in London find that **fluoride reacts strongly with the bonds which maintain the normal shapes of proteins in the body.** The work is subsequently confirmed by Dr. Steven Edwards and co-workers from the University of California in San Diego, and by Drs. Froede and Wilson from the University of Colorado at Boulder. By distorting the configuration of the body's own protein, the immune system attacks its own protein, resulting in an autoimmune or allergic response. **Fluorides contribute to the development of an Acquired Immune Deficiency Syndrome, which is covered up by the media** and medical community, which maintains a public focus on a viral cause for the problem, promoting the harmless HIV virus as the "cause" for "AIDS," covering up the pharmo-chemical sensitization of the population which has complex legal ramifications.

1981 At the headquarters of the Occupational Safety and Health Administration *(OSHA)*, the director of the OSHA office of carcinogenic identification, Dr. Peter Infante, pointed out that a Current Intelligence Bulletin (CIB) on formaldehyde was **"an important document assessing formaldehyde's cancer-causing potential."** The top bureaucracy at OSHA were embarrassed at the release of the truth and tried to dismiss Infante. On July 27th, Infante writes Dr. John Higginson, director of the International Agency for Research on Cancer (IARC), disagreeing with the IARC decision to conceal the carcinogenic nature of the substance. **Formaldehyde is a common component of vaccines.**

1981 Britain conducts the National Childhood Encephalopathy Study and finds that there exists a significant correlation between serious neurological illness and Pertussis vaccination occurring within seven days of the shot. In the U. S., the FDA limits statistical data to 48 hours in order to conceal damaging data and **eliminates data on deaths and damage occurring after that period of time.**

1981 Japan begins use of a new childhood Pertussis vaccine, recommended to be given as 4th and 5th dose. U. S. vaccine used for 1st, 2nd, and 3rd doses.

1981 Dr. Robert Clark from the Boston University Medical Center shows that fluorides **(as in fluoridated water supplies, toothpaste, etc.)** stimulate granule formation and oxygen consumption in white blood cells when they were not challenged with a foreign agent but inhibited these processes when the white blood cell needed them to fight off foreign agents. Ref: "Neutrophil Iodination Reaction Induced by Fluoride: Implications for Degranulation and Metabolic Activation" Blood, Vol. 57, pp 913-921, 1981.

1981 In Britain, Dr. D. L. Miller reports to the NCES on an analysis of the first 1000 cases of neurological illness. He reported **"a significant association was shown between serious neurological illness and Pertussis (also DPT) vaccine."**

1981 New England Journal of Medicine (11/26/81) publishes a study showing that **tetanus vaccines cause T-cell ratios to drop below normal,** with the greatest decrease after two weeks. The altered ratios were found to be similar to those found in AIDS victims.

1982 A reporter at WRC-TV in Washington, D.C. breaks a story on Pertussis vaccine reactions in the documentary **"DPT: Vaccine Roulette,"** which generally informs the American public that their children are at risk from Pertussis vaccinations.

1982 Israeli researchers find that autistic children have a "cell-mediated immune response to brain tissue," suggesting that an **"undetectable brain lesion associated with autoimmunity may play a role in the pathogenesis of autism."**

1982 34th Meeting of the American Academy of Neurology releases a study which is published in Neurology magazine indicating that out of 103 infants who die of Sudden Infant Death Syndrome **(SIDS), 66% had been vaccinated with DPT prior to death.** Of these, 6.5% died within 12 hours of vaccination, 13% within 24 hours, 26% within 3 days, 37% died within 1 week, 61% died within 2 weeks, and 70% had died within 3 weeks. It was also found that SIDS frequencies have a bimodal peak occurrence at 2 and 4 months of age - the same ages when initial doses of DPT are administered to infants. (Study done at the University School of Medicine at Reno, Nevada. - Dr. William Torch)

1982 Homosexuals in **Chicago, St. Louis, Denver, Los Angeles, and San Francisco get Hepatitis B vaccine.**

NOTE: See what happens to them! Many are then HIV Pos.

1982 "Metabolic Ecology: A Way to Win the War on Cancer" by Fred Rohe, is published, detailing cases where **breast cancer has been cured through the nutritional approach over a six-month period.**

1982 E. M. Taylor and J. L. Emery write "in our experience, most unexpectant infant deaths have a multifactorial nature. **We cannot exclude the possibility of recent vaccination/immunization being one of several contributory factors in an 'occasional' unexpected infant death (SIDS)."**

1982 Study by Geschwind and Behan on Autism reveals the finding of an association between **autism, celiac disease, dyslexia, stuttering, migraine headaches, developmental disabilities and left-handedness (all features of post encephalitic syndrome).** The study caused a sensation because of scientific inability to imagine the connecting thread among the disparate conditions. **The connecting thread is the childhood vaccination program.**

1982 The U. S. Public Health Service conducts its first group of studies on animal **cancer and fluorides,** mandated by the 1977 Congressional Hearings. The study lasts until 1984, and then is scrapped because of flaws in design and progress. (See 1985, Batelle Memorial Institute)

1982 The Pakistani government expels a U. S. physician working at the Lahore U.S. chemical biological warfare lab after Soviets charge that experiments are being done there to **infect mosquitoes with yellow fever and dengue** for use in neighboring Afghanistan or Cuba. The doctor was a professor at the University of Maryland, an institutional co-sponsor of the lab and **frequent collaborator with Fort Detrick** on CBW projects. Ref: New York Times, Feb. 10, 1982, "Pakistanis Expel a Malaria Expert."

1982 Peter Wilkinson at the University of Glasgow testifies before the Scottish High Court in Edinburgh in a legal case entitled **"Inhibition of the Immune System with Low levels of Fluoride"** which revealed that fluoride decreases the migration rate of human white blood cells. At a concentration of **.2 ppm** (which is .8 ppm below the "approved" level of 1 ppm), relative white cell migration rate is reduced 8%. A concentration of **1 ppm would produce a physiological decline of around 10%. Fluoride added to water supplies, tooth paste, school dental washes, supplement pills, and dentists' visits are increased and promoted, contributing to a further co-factor in the decline of the immune capability of the population.**

1982 In Science magazine, Vol. 217 p.26-32, Dr. Dennis Leverett of the University of Rochester states, **"if there are increasing concentrations of fluoride in the food chain, particularly food for infants, then we should expect fluorosis to be increasing in the population as well.** The widespread use of fluorides might have created a situation in which we are approaching a critical mass of fluoride in the environment. There needs to extensive research done." Later in 1983 he would contradict himself at the University of Michigan symposium.

1987 The General Accounting Office (GAO) completes a two-year study of cancer statistics. The results validate Bailar and Smith (See 1986). According to the GAO, $2 billion per year was spent on **cancer research (more than 50% of its government funds).** Despite this enormous expense, "only slight improvement in cancer patient survival was indicated for the 30-year period 1950-1982. The GAO study was shelved to protect the cancer industry.

1987 Centers for Disease Control (CDC) releases a study indicating that the Hib vaccine shows an efficacy (effectiveness) rate of 41%. **Children were found to be five times more likely to contract the disease than those not vaccinated.**

1987 CDC now refuses to give out figures relative to hepatitis vaccinations and HIV+ to justify their claims.

1987 The Philadelphia Daily News carries a story that **Colonel David L. Huxsoll**, chief of the U. S. Army Medical Research Institute for Infectious Disease (USAMRIID) told a meeting of Soviet scientists that Soviet charges that **the U.S. military created the HIV virus constituted "disinformation."**

1987 In its own dream world that ignores everyone else, the American Cancer Society on March 15th "officially announces" that "caught early enough, breast cancer has cure rates approaching 100 percent."

(Note: The ACS definition of "cured" involves life for 5 years after diagnosis, so "early detection" would in fact artificially increase the ACS "cure rate".)

1987 Johns Hopkins University **irradiation conference** stacked with proponents.

1987 Sixty-six Japanese **victims of Pertussis vaccine** receive huge damage awards from the Japanese government.

1987 AMA found guilty of conspiring for 20 years to destroy chiropractic. The court concludes that "under the Sherman Act, every combination or conspiracy in restraint of trade is illegal."

1987 Swedish Health Board declares **amalgam to be toxic and unsuitable as a dental filling material.**

1987 Dr. Vincent DeVita, head of the National Cancer Institute, issues a controversial recommendation to 13,000 cancer specialists **"to give chemotherapy and surgery to all women with breast cancer, regardless of whether it has spread."**

1988 Lederle Laboratories package insert for DPT vaccine reads **"Pertussis vaccine has been associated with a greater proportion of adverse reactions than many other** childhood vaccinations. Local reactions are common after administration of DTP, occurring in 35-50% of recipients. **Febrile reactions are more likely to occur in those who have experienced such responses after prior doses."**

1988 A Swedish study finds that **mammograms and early detection of breast cancer did not reduce the rate of death.** Dr. Lars Janzon studied 42,000 women before concluding in an October **1988** British Medical Journal that **mammograms should be restricted.** When the Wall Street Journal in the U.S. informs an official of the American Cancer Society of the report, the official dismisses it.

1988 Battelle Memorial Institute releases its studies on **fluorides and animal cancer** for the U.S.PHS which, ironically, report highly specific fluoride-related cancers. The data is turned over to the National Toxicology Program (NTP), who gives the data to the Experimental Pathology Labs, who **reclassify and delete items damaging to the pro-fluoridation faction.** The altered data is then submitted to the "pathol Appendix.

1988 Dr. Joel Boriskin, chairman of the ADA national **fluoridation advisory committee,** in an address before the Calgary Health Department, claims that "1500 mg of fluoride per day is prescribed to older people that have progressive hearing loss." **(Note: 1500 mg/day is a lethal dose).**

1988 Researchers at the Argonne National Laboratory discover that **fluoride promotes and enhances the carcinogenicity of other cancer-causing chemicals in the food** and environment. Interestingly, this work confirmed studies sponsored by the United States National Cancer Institute conducted back in 1963 by Herskowitz and Norton at Saint Louis University. More than 30 years ago, these scientists showed that low levels of fluoride increased the incidence of melanotic tumors in living organisms from 12 to 100% - often these tumors were induced by fluoride over a period of days. These studies were further amplified by work done by the Taylor's at the University of Texas which found that 1 ppm fluoride in drinking water increased tumor growth rate in mice by 25%.

1988 The U.S. Agency for International Development commits **$88 million to a five-year plan to sterilize non-whites in foreign countries.**

1988 U.S. tests Acellular Pertussis vaccine on Swedish children. Five children die, up to five months after vaccination. Deaths in the U.S. that occur within hours or days of a whole-cell vaccination are quickly dismissed and rarely investigated.

1988 Discovered that ingestion of 100 mg (.004 ounce) of **sugar reduces the immune functions in the body by 50% within one hour.** Other studies confirm that excessive sugar consumption may increase the incidence of infections and reduce the body's ability to defend against disease. Ref: Eat for Health, William Manahan, M.D, Tiburon Press, 1988; Robert Mendelsohn, M.D, **"The Risks of Immunizations,"** 1988, Peoples Doctor Newsletter, Inc.

1988 The U.S. Environmental Protection Agency declares scrap dental amalgam to be a hazardous waste material. **Mercury comprises over 50% of the "silver" dental filling.** Mercury is a protoplasmic poison more toxic than lead, cadmium, and arsenic. Dr. Thomas Clarkson and Dr. John Hursh of the University of Rochester, School of Medicine, Department of Toxicology, and Dr. Magnus Nylander and Dr. Lars Friberg of the Karolinska Institute of Stockholm, Sweden, concluded from their research that "the release of mercury from dental amalgam makes the predominant contribution to human exposure to inorganic mercury, including mercury vapor in the general population." **Over 100 million people have amalgam implants.**

1988 Strecker Report on AIDS as artificial creation released. Strecker's brother Ted found dead of "self-inflicted wound." Illinois State Representative Douglas Huff, who beat the drum about an AIDS cover-up, found dead in his home of an overdose of heroin and cocaine.

NOTE: Strecker Memorandum: www.streckermemorandum.com/

1988 Two scientific studies find that new **rubella vaccine introduced in 1979 was found to be the cause of Chronic Fatigue Syndrome** (Epstein-Barr virus), an immune disorder first reported in 1982.

1988 Robert S. **Mendelsohn** M.D, publishes material indicating that Dr. John Seal of the National Institute of Allergy and Infectious Disease believes that **"any and all flu vaccines are capable of causing Guillain-Barre."**

1988 New "conjugated" **Hib vaccine approved for use in children** at least 18 months old in the United States. Hib = Hemophilus Influenza Type B.

1988 Omnibus Anti-Drug Act of 1988.

1988 Research indicates that 25% of those vaccinated against rubella show no evidence of immunity within five years. In Wyoming, **73% of rubella cases occur in vaccinated children.**

1988 According to a New York Times article on Nov. 8, 1988, p. C-1, it is estimated that adolescence was now lasting until the late 20's and that this represented evidence of a **general developmental delay in a generation.**

1988 (Feb.) National Cancer Institute Report says **since 1953 cancer keeps growing.**

1988 Announced in Washington Post that **all polio since 1979 caused by vaccine.**

1988 Washington Post reports only **2% of 60,000 chemicals in use have been tested for human safety.**

1988 Brooklyn Family Court Study finds that **40% of juveniles have learning dysfunction.**

1988 Washington Post reports more than **50% of pacemakers are unneeded.**

1988 Study reveals that **mathematical ability has virtually vanished in American adolescents.** Nearly 50% cannot perform Junior High School problems, and 33% do not normally understand what the teacher is saying; 27% could not perform elementary math.
NOTE: WHY? Toxins? Fluoride working?

1989 On March 30, 1989, the California Department of Health Services reported that **Niagara brand bottled water was found to contain 450 ppm fluoride.** The state health director, Kenneth Kizer, warned residents that consumption could be fatal.

1989 Los Angeles undergoes spraying with 47,000 gallons of nerve toxin Malathion until May 30.

1989 In 1989, Dr. Yiamouyiannis used the Freedom of Information Act to obtain carcinogenicity studies conducted by Proctor and Gamble (one of the makers of fluoridated toothpaste) that were submitted to (and covered up by) the United States Public Health Service. **These studies showed dose dependent cell abnormalities caused by fluoride.** These results were reported in the February 22, 1990 issue of the Medical Tribune. Additional studies by **Proctor and Gamble scientists confirmed the link between oral precancerous growth and fluoride, as well as an increase in osteomas (bone tumors) and osteosarcomas (bone cancer).** In fact, the National Cancer Institute found in 1991 that the incidence of bone cancer was 50% higher in men ages 0-19 years of age exposed to fluoridated water compared to those who were not.

1989 A study by Hildebolt, et al. on 6,000 school children **contradicts any alleged benefit from the use of sodium fluorides.**

1989 On February 23, 1989, Battelle released the results of its study of fluorides on mice. A most curious result of the study, from the U.S. PHS point of view, was that **fluoride** induced the occurrence of an **extremely rare form of liver cancer,** called hepatocholangio carcinoma, **in fluoride-treated male and female mice.** Two months later in April of 1989, Battelle released the results of its study of fluorides and rats. The study showed a dose-dependent relationship between the incidence of oral cancerous tumors and fluorides. **It is interesting to note that mice and rats yielded different results with fluoride – different types of cancer.** As a response to the Battelle study, the National Cancer Institute from examined the incidence of oral cancer in fluoridated and non-fluoridated countries over the period from 1973 to 1987. The National Cancer Institute study found that as exposure to fluoridation increases, so does the incidence of oral cancer; sometimes as much as a **50% increase in oral cancer rates occur in fluoridated areas** – this translates to 8,000 new cases of oral and pharyngeal cancer per year, needless pain and suffering and **a financial windfall to the medical and pharmaceutical factions** that concern themselves with treatment.

1989 French co-discoverer of the HIV virus, Luc Montagnier in France, admits **"HIV is not capable of causing the destruction to the immune system which is seen in people with AIDS."**

1990 The Office of Technology and Assessment issued a report on Neurotoxicity of Organophosphates (malathion is one). The substance is known to cause **severe behavioral manifestations.**

1990 The National Toxicology Program issues a Press Release with data confirming findings of a **link between fluoride and osteosarcomas** as well as higher rates of oral cancer in rats. (January 1990)

1990 The American Dental Association issues a Press Release which states **"water fluoridation remains the safest, most effective, and most economical public health measure to reduce tooth decay."**

1990 The National Toxicology Program in February 1990 releases its pathological data tables with a cover letter which, in a turnabout, claims "there has not been any evidence that shows a relationship between fluoridation and cancer or any other diseases in humans," and "water fluoridation has proven highly effective in improving the nation's dental health by markedly reducing tooth decay." The NTP final report, issued in March, omitted all studies which showed genetic damage from fluorides, and important studies showing that fluorides induce tumors and cancers were ignored. Kraybill, head of the NTP study, becomes a consultant to the American Council of Science and Health (ACSH), who **threatens to sue the EPA if it "tries to undermine public confidence in fluoride."**

1990 The American Dental Associations ADA News reports that Proctor and Gamble (who make fluoride-based toothpaste) has "unpublished findings" which "refute the carcinogenicity of fluoride." Proctor and Gamble in March 1990 **publish their paper on fluoride and bone cancer (rats) and leave out their data on mice.** The rat studies confirm an earlier study that proved that fluorides in food resulted in precancerous growth in the mouth. In contradiction to their own results, **P&G declares that fluoride "does not cause precancerous or cancerous changes."**

1990 Health Consciousness magazine features article entitled **"Live Virus Vaccines and Genetic Mutation" by H. E. Buttram, M.D**, in which it is determined that "the physical invasion of the human body by foreign genetic material may have the immediate effect of permanently weakening the immune system, **setting in motion a new era of autoimmune diseases."**

1990 The error-prone nature of the standard test for "HIV," the ELISA test, was illustrated in Russia in 1990. **Out of 20,000 "positive" ELISA tests, only 112 were confirmed** through the secondary Western Blot test, which itself is subject to doubt. (See 1994, The Sunday Times.)

1990 Lancet, the Journal of the British Medical Association, V1, p123-8, admits that **Karposi Sarcoma is not caused directly or indirectly by "HIV."**

1990 CBS 60 Minutes program on **mercury amalgam dangers** (Dec. 16) caused the ADA to slightly modify its position. The National Institute for Dental Research subsequently issued a position paper calling for "a gradual phase-out" of mercury amalgams, in favor of "far less toxic" composite materials to be developed." **(Note: Less toxic? How about non-toxic?)**

1990 The U.S. Public Health Service Immunization Practices Advisory Committee (ACIP) and the American Academy of Pediatrics considers **high-pitched screaming after a Pertussis (DPT) vaccination** an absolute contraindication to further Pertussis vaccine.

1990 Pediatric neurologist Dr. John H. Menkes, professor emeritus at UCLA, reports on **46 children experiencing neurological adverse reaction within 72 hours of a DPT shot.** Over 87% of the children reacted with a seizure, 2 children died, and most surviving children became retarded, with 72% having uncontrollable seizure disorders. Menkes conclude, **"Pertussis vaccine encephalopathy (brain damage) is not a myth but rather a serious complication of immunization."**

1990 A study by Dr. John Yiamouyiannis on **39,000 school children contradicts any alleged benefits from the use of sodium fluorides.**

1990 U.S. Claims Court, as of October 31, 1990, indicates that **"several thousand claims for compensation from injuries or death caused by vaccines have already been filed."** National Vaccine Information Center.

1990 Estimated 3 million in U.S. with vaccine-caused disabilities.

1990 Dr. John Colquhoun in New Zealand is forced into early requirement in New Zealand after he conducts a study on 60,000 school children and finds **no difference in tooth decay between fluoridated and un-fluoridated areas.** He additionally finds that a substantial number of children in fluoridated areas suffered from dental fluorosis. He makes the study public.

1990 New England Journal of Medicine reports that **giving vitamin A to children with measles reduces complications and death.**

1990 The September 14th issue of Newsweek reports that the study performed by Battelle Memorial Institute under Congressional mandate to **look into fluorides and animal cancer** (that found a connection) was refused for publication by the Journal of the National Cancer Institute.

1990 New York Dental License Board **removes license from Dentist Joel Berger for removing mercury amalgam fillings** from a woman in 1984 in order to encourage remission of her rheumatoid arthritis.

1990 The Los Angeles Times on October 10th publishes an article "Brain Cancer on Rise in Elderly," noting that **"brain cancer has increased 500% among elderly Americans.**" And "it was once considered that brain tumors reached a peak rate in people in their '30s, and then would rapidly decline, but it now appears that the incidence continues to increase with age."

1990 In December of 1990, a federal regulation was adopted permitting the FDA to circumvent U.S. and International laws forbidding medical experimentation on unwilling subjects. This r**egulation permits the FDA to inject American military with unapproved experimental drugs or vaccines without informed consent.** The FDA merely needs to deem it "not feasible" to obtain the soldiers permission. See Health Letter, Washington, DC. Public Citizen's Health Research Group "400,000 Human Guinea Pigs in the Persian Gulf," Feb. 12, 1991. See 1991 Gulf War Entry.

1991 Operation Desert Storm. Bush stops war after 100 hours at preserve Iraq as a threat. American troops are given experimental vaccines against biological agents. Within months, **thousands of troops sicken with communicable cancer-causing virus. Disease deemed "Gulf War Syndrome."** Government denies responsibility. Over 8,000 troops were vaccinated with Botulism, over 150,000 troops were given anthrax vaccine, and all **500,000 troops were given Pyristigimine, an experimental nerve agent. All drugs were experimental.**

1991 New York Times, Mar 17th, 1991 "U.S. Vaccine Plan Uses Welfare Offices" indicates the **Federal government has considered denying welfare and nutritional benefits to families who refuse vaccinations.**

1991 The U.S. Public Health Service Advisory Committee on Immunization Practices (ACIP) drafts new guidelines which **eliminate most contraindications to Pertussis vaccine.** Essentially, this results in a denial or cover-up of most reactions on the grounds that **"there is no proof the vaccine causes brain damage."** They base their position on several studies financed by vaccine manufacturers conducted in the late 1980's by vaccine policy makers such as Dr. James Cherry and Dr. Edward Mortimer, who sit on the ACIP Committee and are also paid consultants to U.S. Pertussis vaccine manufacturers, resulting in biased and flawed studies in order to prove "no cause and effect" between the Pertussis vaccine and permanent brain damage. U.S. vaccine policy makers are the CDC and the American Academy of Pediatrics. All this, despite decades of experience indicating the opposite conclusion.

NOTE: This policy constitutes criminal neglect, racketeering and conspiracy.

1991 The "conjugated" Hib vaccine introduced in 1988 is extended for use in infants as young as two months. It becomes mandated in 44 states in the U.S.

1991 The CDC begins the process of mandating Hepatitis B vaccinations for all infants in the United States. **Many infants receive multiple doses from birth.**

1991 National Institutes of Health (8/91) state mercury amalgam is safe. (W. Post)

1991 Cobden Club Document distributed during Eco-Conference preplanning advises members that **nations must establish quotas for reducing existing population.**

1991 The Environmental Protection Agency (EPA) again engages ICAIR Life Systems to perform a literature search on fluorides. A researcher for ICAIR, Dr. John Beaver, **admits that he was instructed to select only certain reports and ignore others.** The final series of reports was sent to EPA, who forwards them to the Subcommittee on Risk Assessment of Ingested Fluoride of the National Academy of Sciences as an "independent" report. **Five out of eight members of the Subcommittee are historically pro-fluoridation.**

1991 Jean Claude Pecker, France's leading astronomer and former director of the Institute of Astrophysics in Paris, speaks at a symposium sponsored by the Royal Society of Canada. He asserts that **mass sterilization in poor countries** might be the only way to curb population, and that it would be necessary within 50 years. Planned Parenthood in Canada strongly rejected the idea of forced

sterilization in favor of raising living standards and education.

1991 The **United Nations Population Fund,** managed by William Draper III, asserts that **254 million couples will be surgically sterilized** in the course of the 1990's, and that if present trends continue, **80% of women in Puerto Rico and Panama will be sterilized. Mexico is high on the list of targeted nations for population control.**
1991 Second Immunization Conference in Canberra, Australia. Dr. Viera Scheibnerova reports that "**vaccination is the single most prevalent and most preventable cause of infant deaths."**

1991 Diane Sawyer does report on ABC about Burroughs Wellcome AZT tests on Romanian babies. FLV.23A is a reagent oxidative catalyst, as **AZT is toxic to humans and destroys the immune system.**

1991 The U.S. Public Health Service **recommends a child receive the first DPT shot at two months of age, with subsequent shots given at 4, 6, and 18 months,** and between the ages of 4 and 6. At the same time, Europe, Sweden and several other countries routinely "wait" until after 6 months of age "because of the improved antibody response in babies whose immune systems are more developed."

1991 Annual Conference of the Society of Homeopaths, Manchester, England, September 91, Richard Moskowitz, M.D. Revelation that the English **National Health Service pays a "bonus" to doctors with documented vaccination rates above SPECIFIED averages.**

1992 Lancet, Journal of the British Medical Association, reports (3/7/92) that the oral polio vaccine used in the mid 1970's to treat recurrent herpes was **contaminated with a number of potentially dangerous retroviruses and may have seeded HIV among Americans."**

1992 In Britain, molecular biologist Peter Duesberg publishes a 76-page article in Pharmacology and Therapeutics (Vol55), in which he systematically takes apart the theory that AIDS is caused "by an infectious virus" and that "HIV" is capable of the wholesale destruction claimed. **Robert Gallo and others base their theory of the HIV-AIDS link on purely circumstantial evidence:** that this virus is present in some people who have a general immune dysfunction. Duesberg quotes statistics presented by the Institute of Medicine which shows that no more than 50% of American AIDS patients have antibodies against HIV present in their systems. According to Duesberg, "twenty-five previously unknown and in part unrelated diseases have been redefined as "AIDS," provided they occur in the presence of HIV."

1992 The U.S. Centers for Disease Control (CDC) admits cases exist where there is **T-Cell depletion in persons without the presence of the "HIV" virus.** The admission is in the September 9, 1992 issue of the Journal of the American Medical Association (JAMA).

1992 U.S. National Academy of Sciences (NAS) and the Royal Society of London issue a joint statement calling for more rapid stabilization of the population. Entitled **"Population Growth, Resource Consumption and a Sustainable World,"** the statement endorses the Malthsian paradigm, which says that **(1) the planet can only support a certain finite population, and (2) that human population growth in itself destroys the environment. (Iron Mountain application as external threat to replace war – possibility.)**

1992 American Journal of Epidemiology reports that children die at a rate 8x greater than normal within three days of receiving a DPT shot.

1992 Four (4) cases of Diphtheria in the United States.
NOTE: Follow the Money!

1992 Article in the Washington Post, Nov. 2, "On Vaccinating Safely" and Dec. 14th press release by the National Vaccine Information Center indicate release by the FDA of a report acknowledging more than **17,000 adverse events** – **including more than 350 deaths** – **following vaccination,** all in a 20-month period ending July 31, 1992. Reported events number far less than actual events, so number is actually larger, **perhaps 170,000 or more.**

1992 Michael Perrone, a legislative assistant in New Jersey, contacts the FDA requesting all information regarding the safety and effectiveness of fluoride tablets and drops. After 6 months of stalling, the **FDA admitted they had no data to show that fluoride tablets or drops were either safe or effective**. They informed Perrone that they will "probably have to pull the tablets and drops off the market."

1992 From 1988 to 1992, over **$249 million has already been awarded due to hundreds of deaths and injuries caused by mandated vaccines.** Thousands of cases are still pending. The permanent i**njuries from vaccines include, but are not limited to, learning disabilities, seizure disorders, mental retardation, and paralysis**. Many of the awards for pertussis vaccine deaths were initially (and wrongfully) **misclassified as Sudden Death Syndrome (SIDS).**

1992 Centers for Disease Control (CDC) reports that 87% of all cases of polio in the United States between 1973 and 1983 were caused by the vaccine. **The CDC also said that every case from 1980 to 1989 was cause by vaccine.**

1992 The EPA is ordered to reinstate a senior scientist, William Marcus, and **pay him $50,000 for emotional distress, after firing him because he biblically questioned and opposed EPA policy on the use of fluorides in water supplies.**

1993 More than 25 percent of all measles cases are occurring in babies under a year old. CDC attributes this to growing number of mothers vaccinated between 1960 and 1980. When **natural immunity is denied by vaccination,** measles immunity cannot be passed on to babies.

1993 Dr. Robert Gallo, "co-discoverer of HIV" reveals in the June issue of Bio Tech that the protein "p24," which is generally accepted to be the proof of HIV existence, is in fact found in all retroviruses that live in the body and do no harm. It is not unique to "HIV" retrovirus. The detection of "p24" is the basis for the ELISA test. A study published in the New England Journal of Medicine (1988 V318, p448-9) revealed that antibodies to p24 were detected in one out of every 150 people.
NOTE: GALLO OWNS THE HIV TEST PATENT!

1993 Epidemic of Pertussis in Massachusetts, 218 students, **96% of whom were vaccinated** against Pertussis (whooping cough).

1993 Clinton administration announces plans for a National Childhood Vaccination Program. 103rd Congress introduces S732, S733, HR1460, legislation that would **attempt to vaccine all children in the United States,** while severely limiting exemptions parents could claim. The bills also seek to set up a national vaccine registry to track down parents who resist.

1993 The "Hantavirus" strikes the Southwestern United States. **Media campaign produced at the Rockefeller** University in New York.

1993 Seattle Times reports that **all polio in the U.S. is caused by vaccines.** (6/10/93).

1993 CNN News announces that a couple wins **$2.9 million in a vaccination lawsuit.**

1993 Media program (8/11/93) asking parents to order **"Hepatitis vaccinations" for children.**

1993 Associated Press (9/1/93) announces that **five volunteers at the National Institutes of Health have died from an experimental drug touted as a "miracle cure" for hepatitis B.** Drug: Fialuridine (FIAU). NIH Dr. Jay Hoofnagle "fears other toxic antiviral drugs as AZT and DDL may attack patients the way FIAU did." The article revealed that Dr. Raymond Schinazi of Emory University found in 1986 that FIAU, under certain conditions, would metabolize into a very toxic compound. FIAU causes cells to produce flawed mitochondria and DNA.

1993 The **U.S. Army** directs Walter Reed Army Institute of Research to sign an agreement with Micro-GeneSys in Meridan, Connecticut, for a "large scale clinical evaluation" of an AIDS vaccine designed to block destruction of the immune system. The VaxSyn vaccine uses a genetically engineered protein that matches a protein called (gp160) that covers the surface of the HIV virus. (Note: That the HIV virus is harmless and does not "cause AIDS" is known, illustrating that the **military is in on the AIDS scam**). See Duesberg material.

1993 Centers for Disease Control announce expectation of a nasty A/Beijing flu season and recommend flu shots nationally. (Sept. 1).

1993 Senator Edward Kennedy introduces a bill S.732, calling for a national computerized registry of U.S. children under six years of age, together with at least one parent. **"Childhood Immunization Bill."** The Kennedy legislation calls for children to receive "smart cards" at birth, followed by vaccination tracking, and total surveillance. Clinton proposes "national medical ID."

1993 Diphtheria outbreak reported in Russia and E. Coli outbreaks in the U.S. "Deep Lake flu" reported at a lake in Washington State.

1993 Associated Press releases article on August 18, 1993 claiming, **"no health risk for fluoridated water,**" as stated by the National Research Council and Dr. Bernard M. Wagner from the New York University School of Medicine. A statement that "132 million Americans drink water with .7 ppm fluoride."

1994 The National Academy of Sciences reports that 95% of the **chemicals used in perfumes and fragrances are derived from petroleum, and many of these chemicals are causing allergic reactions,**

central nervous system disorders, birth defects, cancer, and autoimmune disease. The FDA is powerless to remove these substances because by law **the cosmetic industry is not regulated and exempt from listing all product ingredients.** Many of the fragrance ingredients have been classified as neurotoxins, hazardous waste disposal chemicals and sensitizers. Townsend Letter for Doctors 7/94.

1994 University of North Carolina finds that women employed in **electrical trades are 38% more likely to die of breast cancer.** For men, the risk of breast cancer in those occupations is six times normal.

1994 The Sunday Times in London (May 22, 1994) reports that the Western Blot "HIV" test gave a positive result to some 85% of African patients found to be "HIV" negative. Proteins from the leprosy germ, which infects millions in Africa, can show up as a **false positive for "HIV" (detected by p24 protein presence).**

NOTE: Then these poor people are put on AZT drugs and their immune systems are destroyed!
1994 The government of Australia spends 120 million funding biotechnology, and 30 million of which goes to the Commonwealth Scientific and Industrial Research Organization (CSIRO), which has researched trans-genetics and seed genetics since the early 1970's. Australia was the first country to use recombinant DNA bio-pesticides. **Note: A dangerous development in transgenic research is the development of plant species resistant to toxic chemical pesticides – permitting the poisoning of the people but maintaining the profit incentive to produce food.** At the moment, $6 billion is spent in the United States to achieve this objective. Perhaps worse is the transgenic research going on with animals, who are having human genes spliced into their DNA.

1994 Dietary Supplement Health Education Act of 1994. Under the law, the FDA has its role narrowed relative to regulating the $2.5 billion supplement industry. The law places the burden of proof on the FDA when it claims a product is unsafe (isn't that backwards?) Additionally, the law establishes a presidential commission to review health claims on products. The law requires advertisers to prove claims of cures or disease prevention, but **permits claims about how vitamins (synthetic, yet) and supplements promote good health.** Manufacturers are to refrain from advertising health claims for vitamins, mineral and herbal products and amino acids for 4 years. (1998).

1994 Science News reports that scientists are **"now realizing" that certain chemical pollutants chemically mimic female hormone estrogen.** The effect is that normal sexual development in human males is being affected. **Testicular cancer has risen.** Sperm count has dropped 50% in men over the last 40 years. (Ref: Population control and disease production). Science News 7/2 & 7/15.

Food for thought:

- **Why Patent Protection in the Drug Industry Is Out Of Control?**
- **What Were Patents Originally Intended To Do?**

Patent protection was never intended for use in a situation when human life would be endangered through its use. In other areas of society, broad legal prohibitions exist to protect human life and the well-being of citizens. For example, individuals are prohibited from yelling "Fire!" in a theater, and utility monopolies that control all of the electricity for a city are

prohibited from price gouging. Patents make sense in a retail or manufacturing context. If you don't want to purchase Venetian glass, you can decide it's too expensive. In contrast, if your child is born with a genetic defect, you have no choice but to obtain the medication available for treatment regardless of price.

Patent protection effectively grants the pharmaceutical industry a monopoly, regardless of the human consequences. For a patient with a particular disease, a single solution available in the form of a sole-source drug, allowing exorbitant pricing that prevents access for individuals to the medication runs counter to the expectation of Congress to protect the health of its citizens. https://www.forbes.com/sites/robertpearl/2017/01/19/why-patent-protection-in-the-drug-industry-is-out-of-control/#554464cc78ca

On February 22, 2011 the U.S. Supreme Court shielded drug companies from all liability for harm caused by vaccines mandated by government when companies could have made a safer vaccine. From now on, drug companies selling vaccines in America will not be held accountable by a jury of our peers in a court of law if those vaccines brain damage us but could have been made less toxic.

If you get paralyzed by a flu shot or your child has a serious reaction to a vaccine required for school and becomes learning disabled, epileptic, autistic, asthmatic, diabetic or mentally retarded, you are on your own!

From now on, unless we stand up and draw the line on vaccine mandates, the government can legally use police powers to force every American to get hundreds of vaccinations or be punished while those, who are hurt by vaccination, can be more easily be swept under the rug and left to fend for themselves.

Vaccine laws are state laws. Sign up for our free Advocacy Portal at www.NVICAdvocacy.org that will teach you how to participate effectively in the democratic legislative process and defend vaccine exemptions in your state laws.

CHAPTER 3 – HOW IS THE BODY BECOMING DIS-EASED?

"Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are." **II Corinthians 3:16-17**

Remember: the body is self-healing – why can't it do its job?
Note: This will probably be the longest chapter in this book, but maybe not! Hahahaha! I want everyone to see how many ways toxins are entering the body. I by no means have covered all of them, but I hope I've pricked your attention enough to do more investigation of your own.
Remember, to be healthy, you must "take control of YOUR own health."
It's not healthcare you need but SELFCARE!

Toxicity- The Number #1 killer in the world!
